KNOWLAND MAJORITY MORE THAN 10,000

T.R. MEN ON FLEE FIRE; OFFICIAL BALLOT DIE IN SEA

Roosevelt-Johnson Organization Gains Control of State Convention

Electors Pledged to Colonel Will Be Named by That Body

YESTERDAY'S primary election, which gave the Progressive party in California its first opportunity to test its strength, assured of the Roosevelt-Johnson organization control of the state convention to be composed of the legislative nominees. This means that electors pledged to Roosevelt will be named by the convention and go on the official ballot as the Republican candidates. The Taft leaders, to get their electors on the ballot, will be forced to resort to petitions. Much interest centered in the congressional fight in which the Progressives apparently carried a majority of the eleven districts.

Early today the results appeared to be as follows:

First district, E. A. Hart, Progressive; Second district, F. M. Rutherford, Progressive; Third district, Charles F. Curry, Republican; Fourth district, Julius Kahn, Republican; Fifth district, John I. Nolan, Progressive; Sixth district, J. R. Knowland, Republican; Seventh district, James C. Needham, Republican; Eighth district, E. A. Hayes, Republican; Ninth district, C. W. Bell, Progressive; Tenth district, W. D. Stephens, Progressive; Eleventh district, S. C. Evans, Progressive.

Contests among Democrats resulted in substantial victories for the Wilson forces over the old Clark element championed by former Congressman Theodore A. Bell.

WOMEN INACTIVE.

The vote yesterday was light, particularly in the northern half of the state. In San Francisco out of a total registration of 117,000 only 55,000 ballots were cast. Women especially were inactive with the exception of the leaders, who enthusiastically helped in the voting booths and were complimented by the registrar on the efficiency of their work.

Light rains in the rural districts kept many farmers away from the polls. In the San Francisco contests for superior judgeship Miss Lucy Gonde White, a Socialist newspaper writer, was nominated. The seven other candidates who received the nomination and the right to contest at the November election for the four judgeships were: Thomas F. Gorman, Edward P. Shortall, James N. Coffey,

12 Persons, Including Five Children of Family Are Missing

Supposed to Have Leaped Into Sea to Escape Ocean Park Blaze

OCEAN PARK, Cal., Sept. 4.—Twelve persons, including one woman and the six children of S. J. Zarde, a wealthy summer resident, have been missing since the outbreak of the flames which devastated an area of six blocks along the strand last night and wiped out the entire amusement section of the resort. Soldiers and police guarding the ruins were unable to find any of the missing after a careful search of the ruins late today, and expressed the belief that all or most of them had met the fate that overtook H. F. Locke, the restaurant cashier, who lost his life when he leaped of the blazing Frazier pier.

Two companies of state militia are on guard today, and the town is still under martial law. Bayonet-studded lines of citizen soldiery and police are stretched along the landward side of the strand, protecting the immense piles of personal property that was hastily thrown out of burning buildings last night. Approximately 1000 men are at work clearing railway rights-of-way and streets that were blocked by the debris of the fire.

FATHER IS FRANTIC. Zarde became frantic today when the police and soldiers reported that his children and the woman who was acting as their nurse could not be found. He said that the children and the nurse were on the pier about the time the flames burst forth at 6 o'clock yesterday afternoon. They have not been heard from since. No one has yet been found who saw them afterward, although hope was entertained that the nurse, believing that the Zarde residence, which escaped the fire, was doomed, had taken the children aboard one of the electric suburban trains which carried 1500 or more refugees to Los Angeles last night.

The five other persons numbered among the missing were on the pier, hemmed in by the flames, when the fire spread before the wind to the landward end of the big structure. Life guards say they saw at least twelve persons leap with Locke into the ocean. Only seven were rescued, and as the surf was heavy and the outrunning tide swift, it was believed that all had been swept out to sea.

ORDER IS RESTORED. For a time last night there was not the semblance of any authority in the town. But thorough order was restored today by the militia, which comprised Company A from Los Angeles and Company E of Santa Monica, the city to the northward, which escaped damage only because the wind died down after the area containing the big amusement concessions.

MEN WHO WON THE DECISIVE VICTORIES AT THE PRIMARY ELECTION IN ALAMEDA COUNTY YESTERDAY.

JOSEPH R. KNOWLAND

J. F. MULLINS

F. W. FOSS

HERE'S THE WAY THE COUNTY VOTED

Unofficial Figures Show Strength of Candidates at Polls

With the exception of returns from six outlying precincts, which will have no material effect on the result, the vote at yesterday's primary on the following nominations was as follows:

FOR CONGRESS.

| | |
|-----------------|--------|
| Knowland (R.) | 22,000 |
| Stetson (Prog.) | 11,238 |
| Luttrell (D.) | 1,773 |
| Wilson (S.) | 3,305 |

STATE SENATE.

| | |
|---------------------|-------|
| Thirteenth District | |
| Crosby (R.) | 2,834 |
| Strobridge (R.) | 4,604 |
| Mason (D.) | 548 |
| Tobey (S.) | 478 |

SUPERIOR JUDGE.

| | |
|------------|--------|
| Donahue | 22,697 |
| Montgomery | 8,709 |
| Ogden | 26,113 |
| Royce | 4,660 |
| Surr | 4,522 |

The following figures for the offices that follow are complete:

STATE SENATE.

| | |
|--------------------|--------|
| Fifteenth District | |
| Breed (R.) | 10,225 |
| Bell (D.) | 830 |
| French (S.) | 255 |

ASSEMBLY.

| | |
|--------------------------------------|-------|
| Thirty-fourth—Rogers (no opposition) | |
| Thirty-fifth—Geary (R.) | 1,453 |
| Thirty-sixth—Ingraham (R.) | 432 |
| Thirty-seventh—Morganstern (R.) | 1,937 |
| Thirty-eighth—Tappan (R.) | 504 |
| Thirty-ninth—Hanson (R.) | 591 |
| Fortieth—Jamison (R.) | 472 |
| Forty-first—Smith (R.) | 2,738 |
| Forty-second—Clark (R.) | 2,323 |
| Forty-third—Defaney (R.) | 1,381 |
| Forty-fourth—Ferguson (R.) | 2,275 |
| Forty-fifth—Fitzgerald (R.) | 6,090 |
| Forty-sixth—Greig (R.) | 1,378 |
| Forty-seventh—Gelder (R.) | 1,771 |
| Forty-eighth—Roberts (R.) | 657 |
| Forty-ninth—Young (R.) | 4,735 |
| Forty-first—Beck (D.) | 373 |
| Forty-third—Bue (D.) | 321 |
| Forty-fifth—McPhee (D.) | 271 |
| Forty-seventh—Moffitt (D.) | 366 |
| Forty-ninth—Kelly (D.) | 169 |

D. J. MURPHY

CHIEF WILSON ASKS TO BE RETIRED

Has Been Member of Police Department Forty Years

Chief of Police Adelbert Wilson, for four years a member of the Oakland police department, filed his application for retirement and pension with Commissioner of Public Health and Safety Fred C. Turner this afternoon, to go into effect October 1.

Commissioner Turner stated this afternoon that with the consent of the council and of the civil service commission he would appoint Captain of Inspectors Walter J. Petersen chief upon the retirement of Wilson, provided the necessary formalities could be accepted to by the civil service commission.

ASKS LEAVE OF ABSENCE.

It will be necessary to grant Petersen a leave of absence from his position of captain of inspectors, as he has declined to accept the new appointment unless this means is taken to protect him in his present civil service standing. The

Sleuths Pursue Bandits On Rockefeller Estate

TARRYTOWN, N. Y., Sept. 4.—The private detectives that have been keeping a close watch over the John D. Rockefeller estate at Pocantico Hills today were equipped with watch dogs to assist them in pursuing the bandits who are believed to have been summoned assistance from the estate.

DONAHUE IS GRATIFIED AT RESULTS OF THE ELECTION

By DISTRICT ATTORNEY W. H. DONAHUE.

(Republican Nominee for Superior Judge)

During my entire public life, I have striven to be faithful to the trust bestowed on me by the people and have striven earnestly to serve their best interests. It is deeply gratifying to me to find my reward in the continued approval and esteem of the people of Alameda county as indicated by yesterday's vote.

CONGRESSMAN'S BIG VICTORY SURPRISES EVEN HIS MANAGERS

Ogden and Donahue Receive Superior Judgeships by What Amounted Practically to a Popular Acclamation

Mullins, Foss and Murphy Triumph Easily Over Opponents in Contest to Retain Their Seats as Members of County Board of Supervisors

STROBRIDGE IS A TWO TO ONE VICTOR

CONGRESSMAN JOSEPH R. KNOWLAND was renominated by the Republicans of his district yesterday by a clear majority of well over 10,000 votes. His smashing victory becomes the greater with every report from the tardy outlying districts.

Similar overwhelming votes were polled by Supervisors John Mullins, Fred Foss and D. J. Murphy, incumbents.

Superior Judge Frank B. Ogden received the largest vote in the county for re-election and District Attorney William H. Donahue ran well ahead of James P. Montgomery, the Democrat, for the other judgeship.

STROBRIDGE IS TWO TO ONE VICTOR.

State Senator E. K. Strobridge received a 9 to 1 vote over the Democratic and Socialist nominees in the Thirteenth senatorial district and a 2 to 1 vote over his Republican opponent, Peter Crosby. In the Fifteenth senatorial district A. H. Breed was unopposed for the Republican nomination and received 10,225 votes. Bell was the Democratic nominee, but the Socialist winner is still an uncertain struggle between French and Thomas Booth, whose name was written in in sufficient numbers to make his nomination likely.

A. A. Rogers of San Leandro was the Republican nominee in the Thirty-fourth assembly district, Morganstern in the Thirty-fifth, Frank M. Smith in the Thirty-sixth, William C. Clark in the Thirty-seventh, Dan Ferguson in the Thirty-eighth, George Fitzgerald in the Thirty-ninth, George Gelder defeated Robert Grieg in the Fortieth, and C. C. Young was nominated in the Forty-first. There was no opposition in the cases of the Democratic and Socialist nominees.

KNOWLAND VOTE PLEASES FRIENDS.

The tremendous majority accorded Knowland was a source of keen satisfaction to the congressman's supporters. The fight had been so stubbornly contested that Knowland's managers yesterday were hopeful only of a 6000 majority at the outside.

The result, however, was a surprise even to the most ardent of the congressman's supporters. Stetson carried but three precincts out of the 171 in Oakland, these being 22, 25 and 48. Stetson was able to carry but sixteen Berkeley precincts by small margins, where he hoped to make a clean sweep.

In Emeryville's cannery district, where Stetson's supporters centered their efforts in the hope of rolling up a big vote from the cannery hands, Knowland was defeated in one precinct by just two votes, while he carried four out of the five. The one which he lost was Emeryville No. 2.

DEFEAT PROVES COSTLY.

Knowland's victory will prove costly to Stetson, who gave up certain re-nomination to the state senate in order to enter the contest against Knowland at the eleventh hour. Stetson's place will be taken by A. H. Breed, who had no opposition for state senator.

New York Makes New "Police Expert" Office

New Title Given William Flynn, Former Captain of Secret Service.

NEW YORK, Sept. 4.—Captain William J. Flynn, who resigned yesterday as chief of the New York branch of the Secret Service, will be in work at once as special investigator for the Aldermanic police investigating committee. His new title, conferred on him, by the committee is "Police Expert."

Captain Flynn said that his resignation is a more formally required from all government employees when they leave one department for another or go out of the service for a time. In the present instance a resignation is equivalent to an indefinite leave or until such time as it takes to complete his new duties.

The vote for Superior Judges showed the action with which the county holds Superior Judge Frank B. Ogden and District Attorney William H. Donahue. There was never a question of their selection, though James P. Montgomery made a brave campaign, and succeeded in polling 7235 votes in the cities of Oakland, Alameda and Berkeley. In the same cities the vote for Ogden was 23,310 and for Donahue 19,940. Edward Surr and Robert Royce, Socialists, succeeded in polling 4196 and 4279 respectively. Royce's name was erroneously spelled "Royce" on all ballots, and his supporters threaten to protest the legality of the vote in consequence.

Next to the Congressional fight the chief interest centered in the campaign.

(Continued on Page 2, Cols. 1-2)

KNOWLAND THANKS HIS CONSTITUENCY

I MADE the fight for the Republican nomination for Congress from this, the Sixth district, upon my record, and the overwhelming majority I received I regard as an endorsement of that record. During the eight years that I have served as a representative from the old Third district, which included Alameda county, I never had a contest for re-nomination. To win the first contest by such an overwhelming vote is extremely gratifying. It is pleasant to feel that the people are appreciative of faithful service. This splendid endorsement, considering the unsettled political conditions, will, I believe, give me added prestige at Washington that will make me of greater value to the district.

I wish to take this opportunity of expressing my great appreciation of the loyal support accorded me by my friends throughout the county.

J. R. KNOWLAND.

The Association of American Advertisers has examined and certified to the circulation of this publication. The figures of circulation contained in the Association's report only are guaranteed. Association of American Advertisers No. 2346 Whitehall Bldg. N. Y. City

VOTE OF CONFIDENCE IS PLEASING TO D. J. MURPHY

By SUPERVISOR D. J. MURPHY.
(Republican Nominee First District.)

The greatest pleasure that I have in the outcome of the primary of yesterday is the vote that was given me in the Livermore Valley and particularly in my home township of Murray. These voters are my friends and neighbors and they know me personally and a majority of them are of an age of experience which any man might be proud. The outcome, in of course, a source of gratification to me, but the fact that those of my home district and those who know me best have me their whole-hearted support is something of which I will always be proud. I have endeavored, in my short experience upon the board of supervisors, to deserve this confidence, and in the term to which I have been elected I will always keep in mind what the voters of my home district did for me and hope to merit that same confidence at the end of my term.

That I should have been given so large a support in Washington township, the home of my opponent, is a source of pleasure that is but slightly second to that experienced at the support given me in my home district. The Washington township I was largely a stranger to them until I began my service upon the board of supervisors and that they should have found me worthy of so large a vote of confidence pleases me greatly.

My friends in Oakland have been loyal to me and I am glad to be able to express my thanks for the support and confidence given me by the OAKLAND TRIBUNE which has a large sphere of influence in my supervisorial district.

KNOWLAND MAJORITY IS MORE THAN 10,000

Ogden and District Attorney Donahue Win Splendid Victories

(Continued From Page 1)

paign to defeat Supervisors John Mullins, Fred Foss and D. J. Murphy. It was hoped that Raymond Kitchener or Dr. H. N. Rowell, or both, could be elected. Rowell and Kitchener both have a large personal following, but this was unable to elect them.

Despite extravagant claims of majorities for both Kitchener and Rowell, Supervisor Fred Foss won out over the former by three to one and Mullins leads his opponent by 300 votes with the probability that this lead will be increased when some outlying precincts are heard from.

Rowell carried but nine precincts, and all the rest went to Chairman Stetson. Berkeley precincts No. 43, 44, 12 and 13, Albany No. 1, Oakland 2, 73, 68 and 66 went to Rowell, and he tied with Mullins in Oakland 64.

Foss' victory was even more complete. Kitchener carried but one precinct in his entire district. His home precinct, Oakland No. 124, went to Foss by 40 votes.

MURPHY'S VICTORY.

Supervisor Dan J. Murphy's victory in the First district was deeply gratifying to all his friends, for he labored earnestly during the unexpired term of Horner to make a record for himself, and fight his campaign practically unaided.

MURPHY'S VICTORY.

That the people of Murphy's district appreciate his sincerity and conscientious attention to duty was evident from the 2-to-1 vote given him over his opponent, E. H. Stevenson of Centerville. In Altamont precinct Murphy received 119 votes and his opponent got not a single vote.

Supervisor Murphy was the recipient of many personal congratulations and messages of felicitations. The women were also in evidence in the activities, among them being Mrs. J. A. McKown, president of the Livermore Murphy club, and Mrs. M. S. Callaghan, its secretary. Many prominent women joined the ranks of the auto parade and waved flags to the time of the band that played martial airs. Though from the first the result of the election was sure, the excellently organized work done by the women of Livermore and surrounding districts in boosting for Murphy, is conceded to have augmented his sweeping victory.

Wilson Leads Luttrell. As was foreseen at noon yesterday the total vote cast in the county did not come up to 50 per cent of the registered strength. The Socialist strength in November is likely to be very much heavier than that displayed yesterday as undoubtedly many Socialists registered as Republicans in order to aid in the bitter primary fight.

Altamont for Murphy 119 to 0. D. J. Murphy of Livermore, who was nominated as a candidate to succeed himself on the Board of Supervisors yesterday, defeating E. H. Stevenson of Centerville by a large majority, bears the distinction of being a party to a unique election incident in the history of Alameda county. He carried the Altamont precinct with 119 votes to Stevenson's none. In former political fights candidates have frequently polled a small number of votes as against nothing for their opponent, but a number of votes in the Altamont precinct have not been heard of in recent years, according to men versed in politics hereabouts.

Murphy is receiving the congratulations of his friends in Oakland today and to Stevenson is attributed the statement that 100 extra votes in the Altamont precinct and offered to pay someone to distribute his cards without success. His efforts to hire a hall in the community were also unavailing and he takes the defeat in that precinct good-naturedly.

Eyes of Baby Boy Are Both Initialed. "J" and "D" Are Plainly Visible on Retina of John Dugan.

PHILADELPHIA, Sept. 4.—Physicians here are attempting to explain the phenomena of certain lettering observed on the retina of the eyes of 2-year-old John Dugan of this city. Mirrored in his eyes are two distinct letters, each a quarter of an inch high. They are the initials of the name decided upon by the boy's parents before he was born. That name was John Dugan, the name the boy now bears. In the middle of John's right eye is the print of a graceful "J" while in the left eye is similarly set the initial "D." The child's eyesight is perfect.

Americans Capture Steamer From Rebels. WASHINGTON, Sept. 4.—American bluejackets from the cruiser Glacier, under Ensign Robert C. Conner, have recaptured from the Nicaraguan revolutionists a small steamer the rebel had seized near Corinto and taken to the bay of Fonseca to transport insurgent troops. Admiral Southern's cable reports the capture today does not say whether there was a fight.

Proper Care of Hair and Complexion. The worry and bother of wearing hair nets and caps to make the hair look as if it were a full, flowing unkempt appearance can easily be avoided by stopping at Emporium with soap. The "free" alkali in soap irritates the scalp, makes the hair streaked, dull, coarse and brittle. Shampoo with a teaspoonful of camphor dissolved in a cup of hot water and the hair will be soft, fluffy and easy to do up, besides looking decidedly neat. This shampoo lathers abundantly, dries quickly, stops itching scalp and cleanses as no other shampoo will. The luxury of extreme cleanliness which comes from the use of this shampoo has made it so popular that many of the best hairdressers now use it exclusively. It is inexpensive.

Twelve Missing After Big Fire. State Militiamen Guard Razed Ocean Park Property and Prevent Looting.

(Continued From Page 1.)

There was some looting during the night, but with the coming of daylight today everyone was driven out of the fire zone, and the piled up property salvaged from the destroyed buildings protected from thieves and vandals.

LITTLE INSURANCE. There was not a cent of insurance carried upon Frazier's Pier, and but little on any of the other buildings which were destroyed. The destruction of the fire was the result of the inadequacy of the water system. The Chamber of Commerce called a meeting for today to initiate plans for the rehabilitation of the business and amusement section of the town and the construction of a water system that will be efficient to cope with any conflagration in the future.

Estimates of losses, which ran as high as \$3,000,000 last night, were reduced today to \$1,750,000.

WILSON FORCES WIN OVER THE OLD CLARK ELEMENT

State Senator Wolf Victor Over Burnett, Roosevelt Man

(Continued From Page 1)

William P. Lawlor, Edmund P. Morgan, Daniel C. Deasy and Emil Pohl.

SWEEP SAN FRANCISCO.

SAN FRANCISCO, Sept. 4.—Complete returns for San Francisco today show that Roosevelt and Johnson swept the city at the primaries yesterday.

In the two Congressional districts (Fourth and Fifth) Roosevelt supporters returned one nominee—Julius Kahn, incumbent, from the Fourth district; in three state Senate districts Taft got one; in thirteen Assembly districts he got one—Milton L. Schmitt in the Thirty-first district.

On the county ticket Taft will have a representation of three out of thirteen members.

Among the individual contests particular interest is attached to that of Edward I. Wolfe (Taft) against Lester G. Burnett (Roosevelt) in the Nineteenth Senate district, and that of Senator Thomas R. Finn, a Johnson stalwart, against J. P. Bobo (Taft) in the Twenty-third Senate district.

WOLFE WINS.

In the reapportionment of the state Wolfe had lost his district. He moved into Burnett's district—Burnett had inherited his seat—though it was not today the final figures show that he won, although last night it seemed he had lost by a narrow margin. The count is:

Burnett 2847, Wolfe 3352.

Senator Finn never was in danger. He won five to one over Bobo.

On the Democratic ticket, which carried a very much lighter vote, the Phelan (Wilson) candidates defeated every DeWitt (Bell) candidate they opposed except in the Thirty-second Assembly district, in which Arthur L. Shannon got 342 votes against 337 for Charles W. Mason (Phelan). Four DeWitt Democrats were nominated without opposition.

EIGHT ON BALLOT.

Eight candidates for Judges of the Superior Court go on to the election at the next election.

All the incumbents running found places, with Judge Thomas F. Graham at the top and Judge Edmund P. Morgan at the bottom. Edward P. Shortall, a police justice, polled a surprisingly large vote. The nominations follow:

Fourth Congressional District—Julius Kahn, Republican (incumbent), 17,390; Bert Schlessinger, Democrat, 10,800; Norman W. Pendleton, Socialist, 184.

Fifth Congressional District—John I. Nolan, Progressive, 14,131; Stephen V. Costello, Democrat, 4580; E. L. Reguin, Socialist, 164.

Nineteenth Senate District—Edward I. Wolfe, Taft Republican; Edwin L. Grant, DeWitt Democrat, unopposed; W. S. Vanderburg, Socialist.

Twenty-first Senate District—Fred C. Grogan, Roosevelt Republican; J. J. McShane, DeWitt Democrat, unopposed; Emil Lless, Socialist.

Twenty-third Senate District—Thomas F. Finn, Roosevelt Republican; James H. Parren, Phelan Democrat; Roger Allen, Socialist.

Twenty-fourth Assembly District—W. A. McDonald, Roosevelt Republican; James W. Farrell, Phelan Democrat; I. Sturza, Socialist.

Twenty-second Assembly District—William P. Keady, Roosevelt Republican; J. J. Ford, Phelan Democrat; C. F. Leschenko, Socialist.

Twenty-third Assembly District—J. E. White, Roosevelt; E. P. Walsh, Phelan Democrat; H. W. Hall, Socialist.

Twenty-fifth Assembly District—W. S. Scott, Roosevelt; W. L. Lyon, Phelan Democrat; Liza, Socialist.

Twenty-ninth Assembly District—G. A. Wentworth, Independent Republican; I. A. Richardson, Phelan Democrat; K. J. Doyle, Socialist.

Thirtieth Assembly District—E. J. D. Nolan, Roosevelt; T. T. Strong, (DeWitt) Democrat; T. P. D. Gray, Socialist.

Thirty-first Assembly District—M. L. Schmitt, Taft Republican; G. D. Wise, Phelan Democrat; A. Oswald, Socialist.

Thirty-second Assembly District—John Gilman, Roosevelt Republican; J. L. Shannon, DeWitt Democrat.

Thirty-third Assembly District—C. W. Mason, Phelan Democrat; A. K. Gifford, Socialist.

Thirty-fourth Assembly District—V. J. Canapa, Independent Republican; John A. MacAuley, Phelan Democrat; S. Schler, Socialist.

JUDGES OF THE SUPERIOR COURT. Thomas F. Graham, incumbent; Daniel C. Deasy (Police), 37,365; Edward P.

Shortall (Police), 25,728; Jas. V. Coffey, incumbent, 31,234; Wm. P. Lawlor, incumbent, 31,231; E. P. Morgan, incumbent, 25,197; Emil Pohl, 25,425; Luck Goode White, Socialist, 973.

Progressives Lead in Los Angeles

LOS ANGELES, Sept. 4.—Ninth Congressional district, six precincts missing—Bell, Progressive, 2502; McLachlan, Regular Republican, 1425. Tenth Congressional district, 20 precincts missing—Stephens, Progressive, 15,174; Holabred, 4941.

Eleventh Congressional—321 precincts give Evans, Progressive, 9147; Kirby, Regular Republican, 5933. Assembly nomination, Seventy-seventh district—H. Z. Weisel, Progressive.

Eleventh Congressional district, 350 precincts give Evans, Progressive, 11,885; Kirby, Republican, 10,748.

Devlin and Curry in Neck-and-Neck Race

SACRAMENTO, Sept. 4.—With three precincts in Sacramento county and several scattering precincts in Napa county to hear from, Curry leads Devlin by just seven votes.

In San Joaquin county, 105, Tolo, 14; Contra Costa, 62; Sacramento, 1015; total, 1197.

Devlin has a majority of 1040 in Solano county and is conceded a majority of about 150 in Napa county. Total 1140.

SACRAMENTO, Sept. 4.—First Congressional district—Hart nominee, David Connick, by a substantial majority with Zumwalt, the Democratic nominee.

Second district—Fight is close between Williams and Rutherford. Figures not available at this hour.

Third district—Devlin is 13 votes ahead of Curry with six Sacramento county precincts to hear from. The missing precincts are believed to be Curry precincts. Figures not available.

SENATE NOMINEES. Third district—E. S. Birdsell, Progressive Republican; C. W. Anderson, Democrat; A. M. Clark, Socialist.

Seventh district—O. G. Hopkins, Republican. C. Cohn, Democrat; Andrew Johnson, Socialist.

ASSEMBLY NOMINEES. First district—L. F. Coburn, Progressive Republican; William B. Shearer, Democrat; Otto L. Haese, Socialist.

Fourth district—A. F. Shartel, Democrat; H. E. Rogers, Progressive Republican; C. M. Goodhue, Socialist.

Ninth district—George B. Finnegan, Democrat; George Heffner, Socialist.

Tenth district—W. S. Killingsworth, Democrat; Conrad Rump, Socialist.

Seventh district—Wallace Rutherford, Progressive; James Palmer, Democrat; James Masol, Socialist.

Fourteenth district—M. M. Ingham, Progressive; D. E. Wiley, Democrat; Howard N. Mitchell, Socialist.

Fifteenth district—F. T. Johnson, Progressive Republican; Hugh B. Bradford, Democrat.

Sixteenth district—F. G. Stevenot, Progressive; W. A. Dower, Democrat; D. W. Thorne, Socialist.

CURRY MAJORITY. STOKES, Sept. 4.—Complete (unofficial) returns from San Joaquin county give Curry a majority of 120.

Needham Leads By a Good Vote. FRESNO, Sept. 4.—Ninety-two out of 142 precincts in Fresno county gave—Needham, Republican, 1334; Hargrove, Progressive, 437; Fox, Progressive, 353; Kramer, Progressive, 52; Church, Democrat, 1347; Lawlor, Democrat, 242. There were no contests in the assembly districts.

Hayes' Election Seems Assured. SAN JOSE, Sept. 4.—Santa Clara county—129 precincts out of 142 gave Hayes, Republican, 5933; Clark, Progressive, 4271.

SAN JOSE, Sept. 4.—Eighth Congressional district, 856 precincts gave Hayes, Republican, 9605; Robert M. Clark, Progressive, 8767.

Thirty precincts in Santa Cruz county give E. A. Hayes, Republican, for Congress, Eighth district, 856.

R. M. Clark, Progressive, 149; B. R. Baker, Democrat, 313; Robert Whitaker, Socialist, 140. Eleventh Senatorial district—William R. Flint, Republican, and John H. Leonard, Democrat nominated.

BERKELEY "LEADERS" FAIL TO DELIVER FOR STETSON

Arlett, Young and Thelen Get "in Bad" With Poor Advice to Governor

The tremendous majority received by Congressman Knowland at the primaries yesterday was a surprise even to some of his enthusiastic friends. They present him with the prediction that he will reach fully 12,000, and this, notwithstanding the very light vote cast. Semi-official returns indicate that Knowland carried Berkeley by a small majority. While final returns may change the Berkeley result, there will not be 100 votes difference either way. The Stetson forces expected to carry Berkeley by 2000 majority. Practically every Republican leader in the College town was openly working for Stetson. It was these Berkeley leaders who induced Stetson to enter the race, the claim being made that the voters of Berkeley were overwhelmingly opposed to Knowland. A delegation consisting of Arthur Arlett, Assemblyman C. F. Young, Max Thelen and others waited upon Stetson day after day demanding that he enter the race and guaranteeing him at least 2000 majority from their locality. They were unable to make good and if they had carried Berkeley of all it will be by such a very narrow margin that it will be a humiliating defeat for these so-called Berkeley leaders.

In the future when they come inducing Oaklanders to enter a contest with a promise of 2000 majority from Berkeley they will be reminded of the result of the congressional primary. Governor Johnson's friends in Oakland present him with the prediction that he will reach fully 12,000, and this, notwithstanding the very light vote cast. Semi-official returns indicate that Knowland carried Berkeley by a small majority. While final returns may change the Berkeley result, there will not be 100 votes difference either way. The Stetson forces expected to carry Berkeley by 2000 majority. Practically every Republican leader in the College town was openly working for Stetson. It was these Berkeley leaders who induced Stetson to enter the race, the claim being made that the voters of Berkeley were overwhelmingly opposed to Knowland. A delegation consisting of Arthur Arlett, Assemblyman C. F. Young, Max Thelen and others waited upon Stetson day after day demanding that he enter the race and guaranteeing him at least 2000 majority from their locality. They were unable to make good and if they had carried Berkeley of all it will be by such a very narrow margin that it will be a humiliating defeat for these so-called Berkeley leaders.

Law C. Robinson of Alameda is also in bad. He promised to deliver Alameda to Stetson. Knowland carried Alameda by 2000. Robinson came near defeating Alfred L. Norcross of Alameda for the assembly. Morgenstern, during the last few days of the campaign, vociferously declared that he had dropped Robinson and as a member of the Alameda city council seconded motion endorsing Knowland and a crowd, which eventually did not pull him through. In the future when Young, Arlett, Robinson and others go to Sacramento to advise Governor Johnson they will find greater difficulty in inducing the Governor to accept their advice.

CHIEF OF POLICE WILSON TO RETIRE

Adelbert Wilson Petitions to Be Placed on Pension List.

(Continued from Page 1.)

position of chief is not protected by civil service, and Petersen, if he were not granted this leave, would be at the mercy of political changes.

The question of an appointment from the force to fill the position of acting captain of inspectors has not been decided, but as the position will not carry an increase in pay, being merely continuous during the absence of Petersen, it is probable that Captain J. F. Lynch, who is considered for the place, and Inspector Dennis Holland, will not be placed in the position. It is probable that Petersen will recommend the appointment of Inspector Lou Akne.

JOINED FORCE IN 1870. Wilson joined the force, May 30, 1870, was appointed a regular October 15, 1874, and was made captain May 7, 1888. His appointment as chief was on January 2, 1906.

Wilson was forced to give up active control of the department about six months ago, due to ill health. He had hopes for some time of being able to return to his desk at the city hall, but his physician has counseled him that it would be unsafe for him to resume the worries and cares of office. He will retire on half pay, amounting to \$1616 per annum.

Twelve Missing After Big Fire. State Militiamen Guard Razed Ocean Park Property and Prevent Looting.

(Continued From Page 1.)

There was some looting during the night, but with the coming of daylight today everyone was driven out of the fire zone, and the piled up property salvaged from the destroyed buildings protected from thieves and vandals.

LITTLE INSURANCE. There was not a cent of insurance carried upon Frazier's Pier, and but little on any of the other buildings which were destroyed. The destruction of the fire was the result of the inadequacy of the water system. The Chamber of Commerce called a meeting for today to initiate plans for the rehabilitation of the business and amusement section of the town and the construction of a water system that will be efficient to cope with any conflagration in the future.

Estimates of losses, which ran as high as \$3,000,000 last night, were reduced today to \$1,750,000.

Boy Falls Waist Deep in Coals; Dies of His Burns. SHERIDAN, Wyo., Sept. 4.—The four-year-old son of Lieutenant Wells, causing the boy to alight waist deep in live coals. The boy's father was on duty on the Mexican border.

LOOK

YES, one glimpse at our wonderful display of Fall Garments in our windows will suffice to convince you of the merit and quality of COSGRAVE merchandise.

Just Unpacked

TODAY—yes, just received by express, the most exquisite assortment of the new modes for Fall Wear and all just in the nick of time for Oakland's Annual FASHION SHOW.

Three Points

THAT characterize every Cosgrave garment—here they are: QUALITY, FIT and STYLE, together with a price inducement that is a feature you can't overlook. At Cosgrave's Prices Are Always the Lowest—Quality Considered.

Suits-Coats

Yes, by the hundreds—every conceivable style—but you MUST see our elegant assortment before you final selection. The highest grade at most reasonable prices in Oakland. Assortment of styles is superb. Don't miss seeing that NEW JOHNNY COAT, a three-quarter length coat that is all the rage.

Waists

Some positive beauties from lowest to price up to the most exclusive high grade novelties.

Just a Word About Ermines

In today—the first of the season—White Ermines—every one a beauty, and at special prices, for we bought them right. Ask to see them.

Credit

Yes, credit too, for you are always welcome to charge account.

Fit

Guaranteed, of course. We pride ourselves on the satisfaction that every Cosgrave garment meets with—hundreds attest to this fact.

You

Are assured of your money back if you are not entirely satisfied. This is the Cosgrave guarantee.

What the Vote for Supervisors Signifies.

The vote on Supervisors was not unexpected, but it is none the less gratifying. To rebuke and repudiate capable, upright and independent officials who have done their duty faithfully would have been singularly unwise and ungrateful in an intelligent community. But to cast such men out that the county government might be turned over to Jack Cook would have been an act of incredible folly.

Not only did the electors turn from the suggestion with aversion, but they gave Supervisors Mullins, Foss and Murphy majorities so sweeping as to testify not merely popular approval of their conduct in office, but the intense public disgust with Cook and Cook's methods. At the polls the voters gave Cook to understand that they were through with him and the gang he leads.

Supervisors Mullins, Foss and Murphy are to be congratulated on the magnificent endorsement they have received. It is a distinct encouragement to other men elected to public office to pursue the course they have pursued in handling the public business. The splendid vote given them was an endorsement of the principles of good government as well as a testimonial to duty faithfully performed. It was also an emphatic condemnation of Jack Cook and what Jack Cook represents in politics. The overwhelming endorsement of Mullins, Foss and Murphy was an equally overwhelming disapproval of Cook and what may be termed Cookism in the administration of public affairs.

Hence the result of the primary election is doubly gratifying. It is equally strong as a condemnation of the false as it is an endorsement of the true. In other words, it is gratifying in whatever light viewed.

The vote on Congressman indicates that pinning himself as a label to another man's coat does not win votes for a candidate. The people want something better than a label to represent them. And they have sufficient discrimination to perceive the difference between a label and the real article. As Bobby Burns remarked:

The title's but the guinea's stamp;
The man's the gowd for a' that.

Knowland's Great Victory.

Joseph R. Knowland has been renominated by a vote of nearly three to one. His majority will exceed 12,000. He carried Alameda, Berkeley and Oakland and nearly every precinct in the district. His endorsement is as magnificent as it was deserved. His victory bears testimony to the good sense and discriminating judgment of the electors. It is victory for the interests of the people—not only of California, but of the country at large. It proves that the people, when acquainted with the facts, cannot be misled by false cries and false issues.

John W. Stetson, Guy C. Earl and Charles E. Snook have been doing politics for a number of years on the coat tails of M. J. Kelly. In the campaign just closed they got on the opposite side from Mr. Kelly. The returns show who pulled the load. It may be added that in this election Mr. Kelly stood for all that was decent in public life; for all that is honorable and efficient in public office; for clean men and clean politics. He demonstrated that he had a moral force back of him, and that his activities were directed in interest of the public welfare.

The Color Line in the Law.

No more negroes need apply for admission to the American Bar Association. That was decided at the recent annual meeting of the association. At the same time, however, the association refused to expel the three colored lawyers who had previously been admitted to membership. One of them has already resigned and the other two will probably follow suit, not desiring to remain in a company where they are not wanted.

The law is called a learned profession, yet here the color line is drawn by an association of lawyers. Learning in the law is to be judged by complexion, it seems. A man may possess all the virtues, may be exceptionally able and profoundly versed in the science of jurisprudence; but he is not eligible to membership in a body organized primarily to maintain the purity of the legal profession and elevate the standards and ethics of the law if he belong to the negro race.

It is a singular conception of the purpose of a bar association that would exclude colored lawyers from membership. Negroes are eligible to practice law and many of them do so, but they are excluded from membership in an association composed of men on the same footing with themselves in court.

Are they not competent to discuss legal ethics and legal methods? If so, they are unfit to be members of the legal profession. In the judicial presence they are officers of the court and the equals of anybody.

But the color line bars them from entrance to an association that is strictly professional in character, and has the elevation of the bar as the sole motive for existence. How is the bar to be elevated by denying negro lawyers the right to enter bar associations? As well deny them the right to join the same church with white communicants.

Rice Growing in California.

The Department of Agriculture has issued an interesting and instructive report on rice culture in the Sacramento valley, giving the result of experiments in growing various kinds of rice on the black adobe soil on the east side of the valley. These experiments prove that rice-growing can be made a successful and profitable industry under proper conditions.

But the report goes on to say rice should never be planted when there is not sufficient water to submerge the land to a depth of at least three inches from the middle of June till the middle of September. Rice only heads out well standing in water.

The short grain rices appear better suited to this climate than the long grained varieties. The Honduras and Shinriki varieties are the leading commercial varieties produced in the United States. In the tests made in the Sacramento valley these varieties exceeded the maximum yields produced on experimental plots in Louisiana and Texas. Shinriki rice is the small grain variety, and is better adapted to the Sacramento valley. No figures are given as to the yield per acre, but the summary is proof that a large area in the delta region of the Sacramento valley is adapted to rice culture, and that rice cultivation on a commercial scale can readily be made profitable.

"A Fine Mess You've Made of My Campaign!"

—ST. LOUIS GLOBE-DEMOCRAT.

The Returns From Vermont.

The returns from the Vermont election have an ominous look for both Republicans and Progressives. If they contain small comfort for Taft, they are even less comforting to the followers of Roosevelt. Although Roosevelt made a hurricane canvass of the State and ex-Senator Beveridge spoke in every considerable town, the Bull Moose candidate for Governor ran third in the polling. The regular Republican candidate beat him by a plurality of 10,000.

But the Democrats not only held their vote, but made some gains. A division on the same lines in November would give Wilson every New England State save Vermont.

Yesterday's poll shows that Vermont is safe for Taft, and puts the Colonel far behind, but the division of the vote of other States in like proportion would give Wilson the election hands down.

The Vermont returns show that Roosevelt's strength is drawn almost exclusively from the Republican ranks, and that the Bourbons are standing solidly by their party. As Lincoln said, "a house divided against itself must fall." The Progressive movement is merely a bolt from the Republican party. Here and there disgruntled Democrats have attached themselves to it, but no appreciable body of Democratic voters have joined it. Taken as a test of relative strength, the Vermont returns show that Taft is much stronger with the electorate than Roosevelt, but he is not strong enough to overcome the formidable defection headed by the ex-President. But it is mere presumption to conclude that Vermont reflects the sentiment prevailing in other States, although the delusion that it does has been cherished for so many years that it has become a fixed habit with election forecasters.

A rain at the beginning of September is a most unusual thing in Central California. When a shower does come it generally does more harm than good; therefore rain at this season of the year is unwelcome to the farmers. Early rains damage the grapes and injure the dry grasses on the ranges. However, the rain that fell Monday evening was too light to hurt anything. A month from now a good rain will be a positive benefit, and will be looked for with eagerness because of the dry condition of the ground. Orchards and vineyards, as well as the ranges, will be benefited by heavy early rains. There has been a deficiency in the rainfall for several years, and in consequence the soil lacks moisture. The streams are at an abnormally low ebb, and many perennial brooks have dried up altogether.

It is now in order for Mr. Stetson to move to make it unanimous.

AMERICAN BANKS 100 YEARS

A great financial institution of the country, the Bank of America, in New York, has just celebrated its hundredth anniversary. The event has directed attention to the fact that more than a dozen great banks in the United States have been doing business for upward of a century. The Bank of America—old established company—was founded in 1812, and is still in business. It was the first of the list of the venerable institutions which were founded either before or concurrently with the organization of the government and which have successfully withstood all the financial storms that have occurred since that epoch in history. Six of the banks were granted charters during the latter part of the eighteenth century, and three of them were flourishing before the adoption of the Constitution of the United States. At the head of the list is the Bank of North America at Philadelphia. Its charter was issued in January, 1781, largely through the efforts of Robert Morris, the financial genius of the Revolutionary period. Its capital was \$400,000, and it was conducted on a specie basis, its notes being declared legal tender. The years 1783 and 1784 saw the institution declaring dividends of 14 per cent. It prospered the field, and continued prosperous; in 1787 it was rechartered as a State bank, and with renewals from time to time has since continued. Closely ranking the Bank of North America is the Bank of Massachusetts, which was incorporated February 7, 1784, and is still in business. New York comes third, with the Bank of New York. It was chartered May 21, 1784, although it had since 1784 been doing business under "articles of association" drawn by Alexander Hamilton. At the head of the list is the Bank of North America at Philadelphia. Its charter was issued in January, 1781, largely through the efforts of Robert Morris, the financial genius of the Revolutionary period. Its capital was \$400,000, and it was conducted on a specie basis, its notes being declared legal tender. The years 1783 and 1784 saw the institution declaring dividends of 14 per cent. It prospered the field, and continued prosperous; in 1787 it was rechartered as a State bank, and with renewals from time to time has since continued. Closely ranking the Bank of North America is the Bank of Massachusetts, which was incorporated February 7, 1784, and is still in business. New York comes third, with the Bank of New York. It was chartered May 21, 1784, although it had since 1784 been doing business under "articles of association" drawn by Alexander Hamilton. At the head of the list is the Bank of North America at Philadelphia. G. M. JACKSON, Gen. Agt. Pass. Dept., 645 Market St., Palace Hotel Bldg., San Francisco.

OAKLAND GIRL IS WON BY SPEECH

New York Lawyer's Plea for Woman Suffrage Gains Him a Bride.

NEW YORK, Sept. 4.—A speech made in favor of woman suffrage is behind the romance of Assistant District Attorney Herbert M. Warburton of Kings county and Miss Bertha Bradley of Oakland, Cal. They will be married in the summer home of her brother, Dr. Harold Bradley of the University of Wisconsin faculty, Woods Hole, Mass., September 27.

Warburton began to be a pronounced woman suffragist when, after his appointment, he was assigned to the room in the Kings county district attorney's office Robert H. Elder had occupied. Elder was an active suffragist and his wife was leader of the movement in Kings county. Warburton was the fourth of July orator this year in Woods Hole and uttered a plea for woman suffrage.

The meeting with Miss Bradley, who had been distinguished about Woods Hole as a suffrage exponent, was arranged by suffrage enthusiasts who heard the speech, and was followed by a romantic attachment which preceded the announcement of the engagement. Miss Bradley is the daughter of Rev. Cornelius Beach Bradley, an emeritus professor of the University of California.

NOT OUT OF TROUBLE. VALLEJO, Sept. 4.—Henry Hellprin, formerly a chief yeoman in the navy, who was sentenced to two years in San Quentin prison for implication in an embezzlement from the receiving ship Independence, will be liberated October 2 and brought to Mare Island navy yard, where he will be dishonorably discharged from naval service. Hellprin served under Paymaster Arthur Pippin of the Independence, who is now serving a term of seven years for embezzlement.

TO BUILD \$26,000 FRATERNITY HOUSE

Work Begins on Phi Gamma Delta Structure at Stanford.

STANFORD UNIVERSITY, Sept. 4.—With the ground already broken, active work is being pushed on the new \$26,000 fraternity house which is to be the home of the Stanford members of Phi Gamma Delta fraternity. This latest addition to the Greek letter chapter houses on the campus is to be one of the handsomest houses in Stanford. The plans call for a structure of colonial design, with rooming accommodations for twenty-six students. The building is to be completed by December 15. In addition to the thirteen rooms on the upper floors spacious living rooms, library and kitchen are included on the first floor. One of the features of the new house is to be a sleeping porch with room for twenty beds.

The members of the Phi Gamma Delta are: W. E. Barnard, W. C. Gehrmann, A. C. Robertson, C. H. Hays, K. L. Schupp, G. M. Smyth, R. M. Rounds, G. L. Wright, W. S. Burns, W. Knight, F. J. Gard, J. G. Journal, H. W. Cookson, P. H. Gates, F. E. Shaw, L. F. Lever, E. W. Rheinhardt, J. D. Couch and H. Whitted.

R. S. Lewis, graduate with the class of 1905, has been appointed assistant professor of mining and metallurgy in the University of Utah. Lewis took advanced work in the Stanford mining department last semester. During his undergraduate career, Lewis played on the cardinal varsity nine as an outfielder in several series against the blue and gold teams.

WILL ESTABLISH BRANCH AGENCY

Pioneer Automobile Company to Enter Field at Sacramento.

E. P. Binegar and Calvin C. Ell, of the Pioneer Automobile Company, have just returned from Sacramento, where they spent two days in looking over conditions, and as a result, have decided to establish a branch house in Sacramento. While there, a lease was made for a term of years for a new building now being erected on the corner of Tenth and L streets, where they will establish headquarters.

In speaking of this matter, Ell said: "I believe we have secured the best location in Sacramento for the handling of high grade cars, it being almost directly opposite the Sacramento Hotel on Tenth street, and directly opposite the main entrance to the capitol grounds on L street. We do not expect to handle anything there excepting the Chalmers and Flanders electric line. From recent reports of our traveling representatives throughout the Sacramento valley, and as a result of our investigations in Sacramento, we believe that more automobiles will be sold in that district than in any part of the State, during the next two or three years, and it is for this reason that we have decided to open a branch house there. Mr. R. D. Dunn, who is well known to the trade in Sacramento, will be in charge."

75 EMPLOYEES OF BREUNER PICNIC

Labor Day Is Spent With Families in Lake Chabot Canyon.

About 75 of the employees of the John Breuner company with their families laid aside the cares of business Labor day and spent a very enjoyable day in Lake Chabot canyon. Automobiles met the East Fourteenth street cars and conveyed the jolly crowd to what is recognized as one of the delightful picnic spots of Alameda county.

Fifteen prizes were awarded for various feats of skill, and a great deal of merriment and enthusiasm was aroused over the fat ladies' and three-legged races. Those who were fortunate to win prizes in the various races were as follows:

Boys', 10 to 14, Lionel Watkins; girls, 10 to 14, Edna Taylor; unmarried men, Clifford Hurston; married men, A. W. Murphy; lady employees, Mrs. H. Browne; married ladies, Mrs. J. A. Holmes; fat men's race, Harry Hooper; fat ladies' race, Mrs. H. M. Strong; three-legged race, Clifford Hurston and Frank Leland; hill climbing race, A. W. Murphy first; Gillman second; young men's race, Miss Dorothy Foss; girls 10 and under, Miss Florence Olsen; boys, 10 and under, Andrew McNaughton.

Every one who attended pronounced it the most enjoyable outing they had experienced for many months and a vote of appreciation was given to the committee in charge of the day's entertainment. The committees were: Entertainment—H. N. Watkins, Ed. Wren, C. L. Taylor and W. H. McNaughton; refreshments—W. S. Foss, Miss Helen Sweeney, Fred Kuhnle and Miss Mary Talty.

STANFORD STUDENTS HAVE SECRET WEDDING

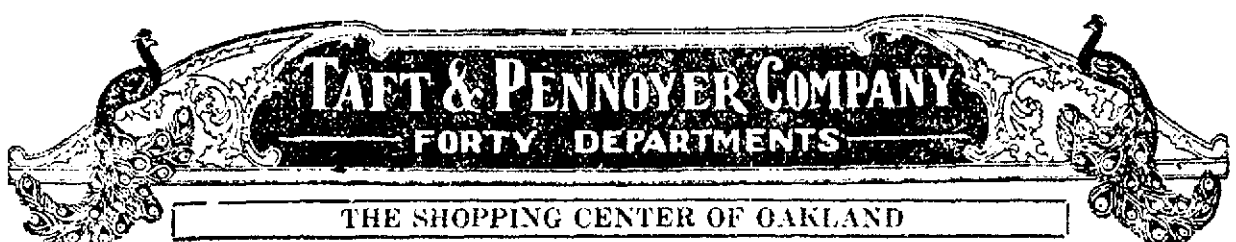

BELMONT, Sept. 4.—The secret marriage of Latham McDougal, Stanford '11, and Maude Helen Basset, Stanford '12, in Santa Cruz last Monday has been announced by McDougal's parents. The engagement of the couple was announced at the close of the last college semester. McDougal is the youngest son of William H. McDougal, an instructor at the Belmont military academy and a former Congregational minister. He is a member of the Chi Psi fraternity.

His bride was prominent in college activities at Stanford, where she was a member of the Gamma Phi Beta sorority.

TO ATTEND MEETING OF STATE COMMISSION

The meeting of the State Railroad Commission in San Francisco, September 10, will be attended by the railroad and transportation committee of the Chamber of Commerce, besides a number of manufacturers from this city.

The meeting will be held in the Commercial building, 922 Market street, and will be for the purpose of discussing the proposed rules and regulations of the commission for controlling the freight rates and regulations of competition in transportation. The members of the committee include E. J. Kelly, chairman, W. H. Ray, H. K. Jackson, George C. Farde and George E. Randolph.

Oakland's Autumn Fashion Show

Collectively and Individually Is a Strong Argument in Favor of Oakland Shopping

The House of Taft & Pennoyer Company

built up on conservative lines, justly famed for its exclusive models and the highest grade of merchandise is—this season, as it has been in the past—"The glass of fashion and the mould of form."

The fashion centers of Europe and America have been thoroughly searched for the newest, most tasteful and BEST of this season's modes and materials. Our experienced buyers spend months in Europe closely in touch with Dame Fashion's every caprice, thus giving Oakland ladies an opportunity to follow Parisian fashions and offering them rare values. We buy from the most reliable American manufactories and mention here SOME of our purchases from abroad:

- EVENING GOWNS and SUITS from the most approved Designers.
- HAT MODELS from Georgette, Louis, Rebut, Germaine.
- LACES AND TRIMMINGS from France, Spain, Belgium.
- COATINGS AND ROUGH MIXTURES from Scotland.
- NOVELTY JEWELRY from Germany and France.
- EVENING MATERIALS for Gowns from Paris.
- LINENS from Ireland, Scotland, Germany.
- FINE FABRICS from France and England.
- SILKS AND VELVETS from Lyons.

TWO S. F. BOYS ARE BITTEN BY DOGS

SAN FRANCISCO, Sept. 4.—While endeavoring to jump on the rear of a wagon belonging to the Vulcan Iron Works, harless Rios, a 15-year-old lad, who lives at 225 Sanchez street, was bitten by a dog which was riding with the driver this morning. The canine snapped at Rios, who paid no attention to it, but continued his efforts to sit on the rear of the vehicle. The animal seized him by the right hand. He was taken for treatment to the Central Emergency Hospital from Ninth and Mission streets.

Russell Lander, age 13, of 255 Octavia street, a newsboy, was bitten by a vicious dog on the left leg at Ninth and Mission streets this morning. He also was sent to the hospital for treatment. Neither of the animals was muzzled and it is possible that their owners will be arrested by the police.

A HAPPY CHILD IN A FEW HOURS

When Cross, Sick, Feverish, Tongue Is Coated or Bilious Give 'Syrup of Figs.'

Look at the tongue, mother! If coated, it is a sure sign that your little one's insides, the stomach, liver and bowels are clogged up with putrifying waste matter and need a gentle, thorough cleansing at once. When your child is listless, drooping, pale, doesn't sleep soundly or eat heartily or is cross, irritable, feverish, stomach sour, breath bad, has stomach-ache, diarrhoea, sore throat, or is full of cold, give a teaspoonful of Syrup of Figs, and in a few hours all the foul, constipated waste, undigested food and sour bile will gently move out and out of its little bowels without nausea, griping or weakness, and you surely will have a well, happy and smiling child again shortly.

IMPERIALES CIGARETTES

A Western Monument

Western smokers were the first in America to appreciate the towering advantages of a mouthpiece cigarette.

The mouthpiece—originating among European epicures—was introduced to the West in the Imperiales. It was an instant and emphatic success.

Imperiales popularity rapidly spread eastward and continues to grow. The present enormous demand is a monument to Western discrimination.

The mouthpiece cools the smoke—keeps the tobacco dry—and gives you the rich flavor and fragrance which the expert blender worked out to please you.

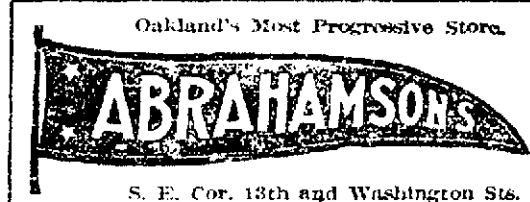

Smoke drawn through a soggy stub loses much of these qualities.

You get as long a smoke in Imperiales as you do in the ordinary cigarette, but you throw away a paper mouthpiece instead of a stub containing tobacco which you paid for—but cannot smoke.

This saving of one-third gives you the high-grade, delightfully fragrant Imperiales blend.

SMUGGLER'S LIFE NOT HAPPY ONE

Engineer of Mongolia Tries It,
Without Very Much
Success.

SAN FRANCISCO, Sept. 4.—Chris Coragorge, fourth engineer on the Pacific Mail liner Mongolia, which arrived here yesterday from the Orient, had a short and merry career as a smuggler. He made his first attempt in contraband shortly after the Mongolia arrived at Honolulu. He landed the "stuff," which in this case was opium, received the money and spent some of it before he was taken into custody. He was in jail when the liner left the island port.

Coragorge is said to have fallen heir recently to a large sum of money. This was to have been his last voyage. His whimsical belief that it was his first venture in opium and that he would have "got away with it" but for his method of spending the proceeds.

Detectors from the United States district attorney's office keep close tab on all the officers of trans-Pacific ships and when Coragorge went up town and there took under his wing two women, there was a detective handy to make observations. When the engineer, sitting in a public place of entertainment with the two women, produced a plethora of roll of bills, announced that it was "easy money" and invited the women to order anything their hearts desired, there was a detective almost at his elbow.

The opium that Coragorge is accused of landing was found by the inspectors on the dock after the engineer's arrest.

IS ACQUITTED ON OWN STATEMENT

Trouble Result of Articles on
Atrocities in Tripoli by
Italians.

CONSTANTINOPLE, Sept. 4.—Lieutenant Herbert Montague, formerly of the British army, who was charged with the murder of a Manchester merchant named Dayan in a hotel here August 11, was tried by a jury made up of five British residents and acquitted. His acquittal was due in a large part to his own testimony.

Lieutenant Montague formerly was connected with the British Press. Patrons of the hotel where Dayan met his death heard a pistol shot the night of August 11 and saw Montague partly dressed, run from the room and into the street. He was arrested but declared Dayan had been killed accidentally.

It was largely owing to the statement of Lieutenant Montague, who although engaged with the Turkish forces in Tripoli was acting as a correspondent for a London newspaper, that the report of atrocities on the natives of Tripoli by Italian troops gained wide currency some nine months ago. His dispatches described cases of alleged indiscriminate slaughter of Arab women and children, and other acts of barbarity on the part of the Italians.

PHYSICIAN HURT WHILE FISHING

Dr. A. P. O'Brien Falls Over a
Steep Embankment and
Seriously Injured.

SAN FRANCISCO, Sept. 4.—Dr. A. P. O'Brien of the local board of health is lying painfully injured at the Napa State hospital for the insane as the result of injuries which he received in a fall over a steep embankment into a creek while on a fishing expedition several miles north of Vallejo Sunday morning.

He was carried to the asylum on a litter, experiencing great agony during the long and rough journey from the mountain stream to the institution, which was the nearest place where medical aid could be obtained. Uncertainty prevails as to the extent of his injuries, but the physicians hope that what at first was thought to be a compound fracture of the leg may be nothing more serious than a severe contusion. The doctor's hip was also injured and his body cut and bruised from the fall. It is expected that he will be confined at the asylum for a week or more before he can be removed to this city, the painful nature of his hurts making it impossible to move him at present.

ANOTHER ATTEMPT TO SCALE MT. MCKINLEY

SEATTLE, Sept. 4.—An expedition to climb Mount McKinley next spring has been organized by C. E. Rusk, editor of the Prospector, Wash., "Independent," reported to be the most skillful mountain climber in the Pacific Northwest, and Merl Lavo, who was a member of the unsuccessful Herchel Parker expeditions of 1910 and 1912.

Rusk, who is a member of the Portland Mazamas, led an unsuccessful expedition to the mountain in 1910. Herchel Parker and Belmore Brown have announced that they will not try again.

Miss Dora Keen of Philadelphia, who climbed Mount Blackburn last summer, is considering an expedition to Mount McKinley. If she goes she will take the men who conquered Mount Blackburn with her. They live at Kennecott, Alaska. The Rusk-Lavo party will leave Fairbanks late in February. Lavo already has dogs and much equipment.

AUTOISTS PAY MILLION IN TAXES IN NEW YORK

ALBANY, N. Y., Sept. 4.—An official estimate places the state's revenue from taxes on automobiles this year at more than \$1,000,000.

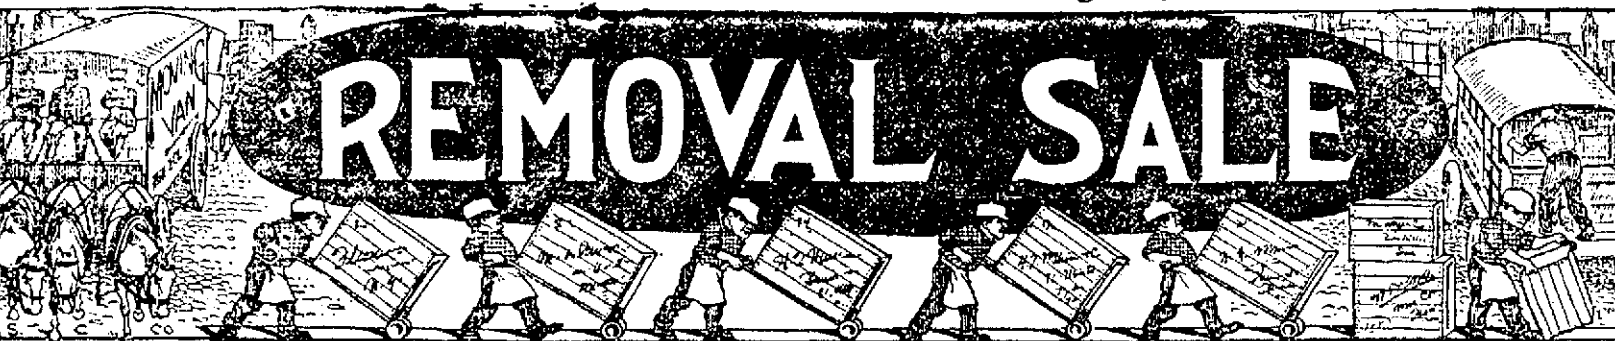

CIVIC CENTER TO CONVEENE.
The Colored American Center of California Civic League, after a few weeks' vacation will again resume meetings. A meeting will be held Thursday afternoon 2:30 o'clock at the residence of Mrs. Anna Clayton, 1877 Ninth street. Mrs. Mary Roberts Colledge, chairman of Educational Committee of California Civic League will address the meeting on "Politics and Growth."

No Extra Charge for Credit—Nothing Off for Cash

Oakland Fashion Show

Thursday, Friday and Sat-
urday—September Fifth,
Sixth and Seventh—we will
participate in The Oakland
Fashion Show—but not in the
way we intended.

We expected to be in our
new building in time for the
show, and had planned to
make a very brilliant exhibit
of the new fashions.

Delays—exasperating but
unavoidable—make it impos-
sible for us to open our new
store until the first of next
month.

So we decided to put all our
stunning new fall suits, coats
and other garments on dis-
play in our old store, and
mark them at Removal Sale
Prices.

This means both a Fashion
Show and a Bargain Sale—
and we have an idea that you
will enjoy the money-saving
end of the dual event even
more than the style features.

TURKS FIRE ON AMERICAN BOAT

Despite Display of Stars and
Stripes Fort's Guns
Keep Busy.

BOSTON, Sept. 4.—A yacht flying the United States flag and having 40 Americans on board was fired upon by a Turkish fort in the Dardanelles early last month, according to reports brought here by passengers on the steamer Muntou from Antwerp.

According to Miss Gertrude L. Carey and her niece, Miss Gertrude Barnes, of Duluth, who were on the yacht, no official report of the occurrence was made, as the party did not wish to be delayed. The yacht was chartered by a tourist agency and was bound from Athens to Constantinople. Near Constantinople a fort fired twice across the bows, in answer to which the American flag was run up to the foremast.

Despite this display of the colors, a shot was dropped within a few yards of the yacht. Turkish officers examined the yacht and after placing a Turkish officer and pilot aboard, allowed the vessel to proceed.

FEDERAL REVENUES SHOW AN INCREASE

Customs Receipts for First
Two Months of Fiscal Year
Enormous.

WASHINGTON, Sept. 4.—Treasury figures for August announced today indicated that the government revenues were jumping over the returns for the same period of last year. Customs receipts for August and July, the first two months of the present fiscal year, ran \$4,000,000 each above the figures for the same two months of 1911. Aside from the Panama Canal and the public debt, the excess of the ordinary disbursements over receipts was approximately \$16,000,000 less than for the corresponding two months last year.

The U. S. Mint during August coined \$50,000 gold, \$585,000 silver and \$226,000 in 1-cent pieces.

MALARIA—BLOOD POVERTY

Malaria is a species of blood poverty known as Anaemia. In the first stages of Malaria the complexion becomes pale and sallow, the appetite is affected, the system grows bilious, and there is a general feeling of weakness. As the circulation becomes more thoroughly saturated with the malarial infection, the digestion is deranged, chills and fever come and go, skin diseases, boils, sores and ulcers break out. Malaria can only be cured by removing the germs from the blood. S. S. S. destroys every particle of malarial infection and builds up the blood to a strong, nourishing condition. Then the system receives its proper amount of nutriment, sallow complexions grow ruddy and healthy, the liver and digestion are righted and every symptom of Malaria passes away. S. S. S. cures in every case because it purifies the blood. S. S. S. is a safe and pleasant remedy as well as an efficient one. Buck on the blood and any medical advice free to all who write.

WORST STOMACH TROUBLE ENDED

No Indigestion, Gas, Heart-
burn or Dyspepsia Five Min-
utes After Taking "Pape's
Diapensin."

Every year regularly more than a million stomach sufferers in the United States, England and Canada take Pape's Diapensin, and realize not only immediate, but lasting relief.

This harmless preparation will digest anything you eat and overcome a sour, gassy or out-of-order stomach five minutes afterwards.

If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a fifty-cent case of Pape's Diapensin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapensin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store.

These large fifty-cent cases contain more than sufficient to thoroughly cure almost any case of dyspepsia, indigestion or any other stomach disorder.

REUNION IS HELD BY FORMER VERMONTERS

The Vermont Association of the Golden Gate held its last meeting at the home of Mr. and Mrs. Leon E. Brackett, 480 Thirtieth street.

President John E. Fox was in the chair. Business was disposed of, after which the members were entertained with music and singing. The following were present: Elizabeth Makins rendered several recitations in her characteristic manner, and Mrs. George W. Vase read two poems on scenes in Vermont, by the late Henry A. Thomas of Morrisville, Vt. A road Vermont treat of popcorn and molasses was served and many recollections of "old-time days" were rehearsed.

The association holds its meetings every first and third Friday evenings of each month.

Next Friday evening President and Mrs. John E. Fox will entertain at the Fox Piano Parlor, 622 Fourteenth street. All Vermonters and their families are welcome.

LIFE INSURANCE CONVENTION OPENS

CHICAGO, Sept. 4.—Five hundred men from the United States and Canada, representatives of Western and Southern States, with a business in 1911 of \$1,223,308,959, attended the annual meeting of the American Life Insurance convention here today. The convention will continue until Friday.

EXCHANGES \$3300 IN PAPER FOR \$20 GOLD

CHICAGO, Sept. 4.—Richard Rahay, head of a Syrian importing firm, exchanged \$3300 in bills last night for two \$10 gold pieces and a bag of gravel.

Rahay was asked by two men, whom he described as Armenians, if he would exchange bills for gold, as they were going to Europe and did not want to be weighed down by the coin.

He consented and went to a bank during the day to get the bills in order their coin was genuine.

to oblige them. When they called he promptly drew the bills from his safe and started to count them in front of the strangers. One of them seized the roll and both darted out of the door and escaped. They had handed Rahay the two \$10 gold pieces to show him that

POLICE SEEK TWO RUNAWAY GIRLS

For Week They Fail to Attend
School Although Leaving
Daily for It.

SAN FRANCISCO, Sept. 4.—Gladys Barkley, aged 15, of 1508 Fillmore street, and Alva Steinberg, aged 16, daughter of one of the managers of the Hinas candy store, both pupils of a shortland school, disappeared on Saturday. The Barkley girl is the only child and the comfort and support of her half-paralyzed father, who resides here. It was Mrs. Barkley who made the report of the missing girls this morning and started a prompt investigation on the part of the detectives. It was learned that the girls had been seen on Sunday in San Rafael, but from the time they took the train for this city not a clew of their whereabouts has been found.

The two girls were chums. They left for a little jaunt on Saturday morning. When they did not return Mrs. Barkley learned that they had spent the night at a Mission street hotel to the door of which they had been escorted by two young men. The next heard of them was in San Rafael where, on Sunday afternoon, they called upon an aunt of Miss Barkley. Claiming that they had no money they borrowed 25 cents and were accompanied to the train by Gladys Barkley's cousin. No one apparently saw them when they arrived in this city, as relatives of both were on the lookout at the ferry building.

Captain Wall has detailed two of his best detectives and will question the two men whose names have been linked with those of the girls, but whose identity the police are for the present keeping secret.

Gladys Barkley is described as a brunette, wearing a blue corduroy suit with white shoes. She is rather slender. The Steinberg girl, who is one year older than Gladys, is stout, light complexion, light hair and wore a dark blue suit, a blue hat and tan shoes.

BUYS LINGERIE INSTEAD OF PAYING ALIMONY

DENVER, Colo., Sept. 4.—Max a husband, who says he has purchased lingerie for his wife instead of paying her direct alimony, he punished for contempt of court.

Mrs. Rose Bradley, suffragist and prominent woman politician, answers fact and demands that Matthew C. Bradley, whom she divorced some months ago because he would not come home to dinner and stayed out late at night, be made to relinquish \$60 a month regularly or go to jail.

By cause her husband, she says, has persisted for some months in informing her that her family is a band of criminals, a disgrace to the community and ought to be confined in the State Penitentiary at Canyon City, Mrs. Fannie Bell, wife of Henry Bell, a salesman, has filed suit in the county court for divorce.

Alleging that her husband occasioned her great mental anguish by hitting her on the nose during a recent attack on typhoid fever, Alma L. Williams, wife of William H. Williams, a plasterer, filed suit in the county court yesterday, demanding divorce.

SON'S WIFE AIDED BY MOTHER-IN-LAW

Mrs. Maryon Bruguiere Gives
Further Testimony in Her
Suit Against Spouse.

SAN FRANCISCO, Sept. 4.—The somewhat remarkable fact that Mrs. Maryon Bruguiere, who claims to be the legal wife of Dr. Edgar Bruguiere, the prominent physician and chairman of this city, has been almost continually supported by Mrs. Bruguiere, mother of the surgeon, and has lived a great portion of the time under her roof, was revealed during the examination conducted by Attorney Treat this afternoon. Mrs. Bruguiere appeared today for a few minutes to answer questions in connection with the making of her affidavit to be used in the action brought by her for maintenance against Dr. Bruguiere. Mrs. Bruguiere testified also that Denning, whom she married in New York, had first brought suit for alimony against her and had then dropped the suit, leaving her to sue later on. She said that she had been almost entirely supported by her mother-in-law, and that they were close friends.

Mrs. Bruguiere wants \$250 a month for her own support and \$150 for that of her child, Attorney Alfred Black, who represents her, declared this morning that she had told everything she knew from the time of her separation from Dr. Bruguiere, and that the first knowledge of the physicians having obtained a divorce from her in Reno was when she read it in a local paper.

Tomorrow morning counsel on both sides will argue on a demurrer interposed by Attorney Treat for the defendant, to the effect that a reasonable cause for action would not support a complaint in this case. "We think our complaint is complete in every detail," said Attorney Black today. "It relates all of Mrs. Bruguiere's movements, tells of her marriage and its annulment, of the court's decision holding that the Reno decree was of no effect, and in every way plainly states facts."

SENATOR BOURNE IS OUT FOR ROOSEVELT

WASHINGTON, Sept. 4.—Senator Jonathan Bourne of Oregon, in a formal statement today, announced he would support Colonel Roosevelt's candidacy for President.

The Republicans of Oregon, as well as every other presidential primary state except Wisconsin, accepted him as their choice for President this year. Mr. Bourne said: "The presidential primary returns clearly indicate that Colonel Roosevelt is the choice of the great majority of the Republican party, and certainly was of Oregon, hence I, being the originator of the presidential preference law, shall support Colonel Roosevelt for the presidency in the November elections."

DREDGING COMPANY INCORPORATES.

Articles of Incorporation of the Trojan Dredging Company, with a capital stock of \$100,000, all of which has been subscribed, have been filed with Secretary of State Jordan. The directors named are: William E. Palmer, A. W. Stetson, A. E. Wilkinson, F. F. Cooper and Thomas E. Harvey.

PIONEER SPIRIT REMAINS IN STOCKTON GATEWAY CITY TO WELCOME NATIVE SONS

CLARENCE E. JARVIS, GRAND PRESIDENT OF THE NATIVE SONS OF THE GOLDEN WEST. —Terkelson and Henry, Photo.

What Struggle for California's Admission to Statehood Means

(By CLARENCE E. JARVIS, Grand President N. S. G. W.)

STOCKTON, Sept. 4.—The general celebration of the admission of California into the sisterhood of states, under the auspices of the grand parlor, Native Sons of the Golden West, will be held in the city of Stockton. A very interesting program has been arranged, which will provide continuous amusement for three days.

September 7, 8 and 9. Stockton Parlor No. 7, N. S. G. W., and all of the people of San Joaquin county are as a unit in making this one of the grandest celebrations ever held in our state.

It is in Stockton I want to see and meet every native son of our Golden State, for in this now modern city there still lives that pioneer spirit, where every visitor is welcome, where is extended the true hand of friendship, where abounds that hospitality characteristic of the old days on the San Joaquin, when on the many ranchos and in the commodious adobe houses with tiled roofs and bound with rawhide one was always assured a royal welcome from the gracious Spanish hosts and hostesses.

Let us stop just one moment to meditate upon that time. In those days the entire San Joaquin valley was given over to stock raising, many cattle, horses and sheep ranging the region. It was no uncommon sight to see antelope, elk and deer on the plain and foothill mingling with the domestic herds. Bear, too, were plentiful in the tule and often furnished sport for the vaquero, who with rifle in hand, made it impossible for one to escape. What a transformation has taken place in this now fertile, wealthy valley. There grows abundantly all the grains and fruits of a most favored climate. There is an industrious population, wide awake to the progressive times.

STATE'S STRUGGLE. Just a word to those who are listless to the spirit that makes us celebrate this day: California struggled hard to gain admission to the Union; her request was often refused. She had people from all the nations of the world within her borders, but each and every one of them had his heart set on the Stars and Stripes, for to them it reflected protection and freedom. When, at last, admission was secured, and California became one of the sisterhood of states, all alike turned out to celebrate. They suspended business, threw cares aside, and gave themselves up to joy and gladness. It meant that much to those grand old pioneers to again become members of this great American commonwealth. They built well, even better than they knew. They gave to this nation a most favored state—one of untold wealth, wonderful in resources and scenic beauty. Her greatness is not fully realized even by ourselves. She is an empire bound in hands of gold, to which all are welcome.

Then to those who are permitted to enjoy this day among us I say, close up your business on Admission day, give yourselves over to a day of pleasure, that you may absorb some of the pioneer spirit. Help us, the sons of California, to perpetuate her history, and, for this day, live with us, become acquainted with us, and be loyal to the state that gives so lavishly of her wealth.

She is a good mother; be a good son, a good citizen.

SUBSTITUTE JUDGE MAY SIT AT TRIAL

SAN FRANCISCO, Sept. 4.—Owing to the illness of Superior Judge Cabanis, the trial of Nat. Anita Lichtenstein, local real estate dealer, Milton Mason, an attorney, and Bert Joseph, a traveling salesman, accused by Mrs. Anita Lichtenstein of conspiracy, was continued until tomorrow morning. It is probable that a substitute judge will have to be called in, in which event the taking of testimony would most likely have to begin over again.

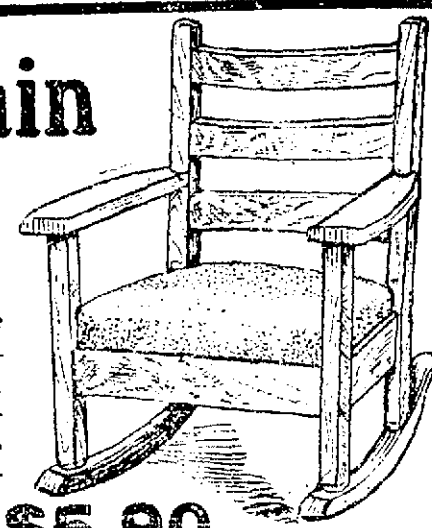

Josephine J. Lichtenstein, who is the wife of Nat, that the quartet conspired to place her in a compromising position with Joseph, so that her spouse might obtain a divorce from her.

EARLY RAIN UNUSUAL

UNIVERSITY OF CALIFORNIA, Sept. 4.—The university weather station finds that the shower of Monday night is the first occurrence in six years of rain in Berkeley before September 3. Only nine times in twenty-six years has rain fallen that early. During the month of September six is the maximum number of rainy days since 1886.

The Rocker Bargain of the Month

If you have \$5.90 to invest in a rocker of any size, shape or description, this is where it will go if you are to get the most for your money.

\$5.90

This Stickley Modern Mission Rocker

Is roomy, comfortable and stylish, a rocker of character. Its regular price is \$9.00, but our special price makes it cheaper than ordinary rockers. Of course it is fumed quarter oak and the big automobile cushion is genuine high-grade leather. The name "Stickley" insures all that is desirable.

Oakland Furniture Co.

TWELFTH AND CLAY STREETS, OAKLAND

UNADORNED FRIEZES TO CONTINUE TO ADORN WALL

School Board Votes Down Director Harry
Boyle's Request to Remove Them

According to the latest decision of the high school committee of the Oakland school department, the friezes which have been the hand of the Oakland high school for many years will remain intact. The movement to cover the friezes, or remove them from the building, was started by Director Harry S. Boyle, who declared that the figures were not the proper things with which to decorate the interior of a school building. He was opposed by the entire board of education, as the members said that to the clean-minded boys and girls the friezes were beautiful specimens of art, and had been admired by hundreds of patrons of the school as well as the students. The school directors asserted that the friezes were a dignified appearance to the wall, which would otherwise be barren.

REPORT ADOPTED.

The following report of the high school committee was adopted:

The high school committee has carefully considered the matter of the friezes of the Oakland high school, student activities, referred to us at the last meeting of the board. We find that a deficit exists in the finances of last year, approximately \$300.

After consulting with the principal and manager of student activities, we are convinced that help is needed from the Board of Education to finance these activities. We have provided this year in the teaching force of the Fremont high school for a coach for the football team. We trust that the Board of Education will next year select some one in the faculty who can, in addition to other work, coach the football team of the Oakland high school, but for this year we would recommend that \$250 be allowed this school in payment of the fee for a coach for the football team. This to be the only additional help given by the board. We are assured by the principal if it is done that the activities of the school will be so conducted that the deficit of last year will be paid out of the income of this year, and the school will close this year without any deficit.

We would recommend further that

either Miss Hanna or Charles H. Jordan, or both, be detailed, not to exceed five periods a week, to supervise the German taught in the following named schools: Grant, Lafayette, Lincoln and Piedmont.

We would recommend that third and fourth year courses in Spanish and in German be permitted in the manual training and commercial high school, provided this can be done without employing any extra teachers.

We would recommend that Miss Haidee Tobriner be assigned two hours daily to the Oakland high school for free-hand drawing work, the balance of her time to be devoted to the drawing work of the intermediate school No. 1.

COMMITTEE REPORT.

The classification committee submitted recommendations, which were approved, as follows:

That a new class be formed in the Bay school.

That Miss Marguerite Keeler be elected a teacher in the department for the balance of the school year, and assigned to the intermediate school No. 1 as a teacher in typewriting.

There is one room in the basement of the Bay school now occupied by a class. This room will be needed for the installation of the new class system. This with the new class recommended, will necessitate the construction of two temporary school buildings on these grounds. We would recommend that the committee on grounds, buildings and equipment be empowered to have these constructed at once, and that the same be of the platform and tent variety.

That permission be granted Emily Reese to attend the Oakland grammar schools. Miss Reese is a resident of Crockett, and has the consent of the board of trustees of the Carquinez school district to attend school in Oakland.

That the request of the Washington School Mothers' club for the board to furnish a kindergarten teacher for that section of the city be denied, on account of the limited finances of the department.

That Lawrence Norris Scammon's request for permission to school his children at home be granted for the term.

SLIGHTLY HURT IN AUTO SMASH-UP

Oakland Men Have Collision;
Machines Are Badly
Wrecked.

In an automobile smash-up at Twelfth Street and First avenue shortly before midnight, William E. Pearson, 1137 Fourth avenue, was slightly injured by being cut when the glass from his windshield was thrown over him. The accident occurred when Pearson's machine collided with that of L. E. Grimm of the Athens hotel. Both autos were badly smashed, but the drivers escaped with only minor injuries. Pearson was going East on Twelfth street, when Grimm crossed his line of advance coming from First avenue.

SHORTAGE OF COAL PREDICTED BY DEALER

J. J. Kennedy, the well-known coal dealer was interviewed today by a reporter of THE TRIBUNE. Kennedy has been in the coal business for over 25 years and was asked why he did not bid on the city and county contracts as usual. "Well," said Kennedy, "the present contractor is welcome to the contract at his figures, while he is working on a very small margin. I am busy stocking my yard with coal. With the present conditions of the market it would not surprise me to see coal retailing at \$12 per ton retail at \$16 or \$18 because of the freight rate on foreign water-shipped coal has been raised and the wholesale dealers are not making any money on the water-shipped coal."

"If we have any winter at all there is no doubt in my mind that coal will raise in price. This, together with the fact that at present there is a shortage of cars, and if the railroads are short of cars at present what will it be this winter?" Especially if we have a cold winter. No, there has never been any collusion between myself and any other coal contractor on either the city, county or state contracts.

STICKS HEAD OUT OF PIT; CAR BUMPS IT

Suddenly bobbing his head out of a pit in the car repair department in the Southern Pacific yards in West Oakland, this morning John O'Day, a machinist, received a bump from a passing car above him that rendered him unconscious. His car was badly injured. The injured man was removed to the receiving hospital where he was attended by Steward Platt.

SCENIC ROAD THROUGH NILES CANYON ASSURED

Supervisor D. J. Murphy Secures Appropriation of \$44,000

The new scenic road, which will make travel through Niles canyon a delight at all seasons of the year, was officially undertaken this morning, when Supervisor D. J. Murphy succeeded in inducing his associates to appropriate \$44,000 with which to start the work.

"Now that the election is over, I want this measure adopted," said Murphy. "Had this matter been taken up before the primary, it would undoubtedly have helped me in my campaign, but I do not believe in using county funds as a bid for political support; therefore, I withheld action until this time."

Of the \$44,000 appropriated, \$10,000 will be paid by the Western Pacific railroad, which occupied a portion of the old road. The section to be built first will

be 3 1/2 miles in length, from Farwell's bridge to Sunol, over the tunnels. At this morning's session of the board, Dr. C. T. Corwin appeared in behalf of the Alameda County Dental association to solicit the aid of the county in maintaining the free dental clinic which the association has been maintaining at its own expense. Dr. Corwin thought that such an institution would be of sufficient value to the school children and the city's poor to warrant an appropriation of \$5000 each year. The board, through Supervisor Fred Foss, intimated that the appropriation would probably be included in the budget.

Supervisor Joe Kelley, moving spirit in the unsuccessful opposition to the re-nomination of three of his colleagues, was absent from his seat for the first time in several months.

OPEN DOOR PROVES TOO MUCH FOR BURGLAR

Burglars took advantage of the fact that the front door of the home of Mrs. W. W. East, 842 East Fourteenth street, had been left unlocked and entered the place. Two gold watches, a gold bar pin, a gold ring and other belongings valued at \$35 were taken.

Louise J. Toole, 2852 Howe street, reported to the police that burglars broke into her home and smashed three small trunks belonging to children and stole the change they contained.

Fred Brayton, Jean street, near Perry, reported that burglars broke into a new house and stole carpenters' tools valued at \$15.

CHARLES P. HALL AND WIFE START FOR EAST

Charles P. Hall, well known in theatrical circles of the bay district, left this morning for New York, accompanied by his wife. The Hall expected to be away for some time and to visit various Atlantic cities before returning to Oakland. They will be joined by many friends.

TO INVESTIGATE CHARGES OF FRAUD

COLUMBIA, S. C., Sept. 24.—When the Democratic executive committee of South Carolina met here today to discuss the results of the recent primary, it was understood that specific charges of fraud filed by Judge Jones, who ran for the gubernatorial nomination against Governor Blease, would be investigated. A new element has been added by the warning of Senator Tillman that if it is found that Judge Jones' charges were the result of unfairness to Governor Blease, then Blease would run as an independent in the general election.

FIVE PERSONS BITTEN; DOG OWNER ARRESTED

SAN FRANCISCO, Sept. 4.—Jacob Melnick, 728 Park street, appeared in the police court this morning charged with disturbing the peace by maintaining a vicious dog, which is said to have bitten five persons. A large crowd of neighbors were in court to assist in the prosecution of the defendant, but a continuance was had until next Wednesday.

A Sample Tin

containing sufficient to make five cups of Instant Postum will be sent free upon receipt of two-cent stamp for postage.

A trial of the new food-drink

Instant Postum

Is a revelation of convenience and satisfaction

It is made in the cup—requires no boiling. Stir a teaspoonful in a cup of hot water, add sugar and cream to taste, and a delightful beverage, much resembling high-grade Java, results instantly!

Instant Postum is regular Postum in concentrated form nothing added. It is absolutely free from the coffee drug, caffeine.

Grocers sell Instant Postum—100-cup tins, 50c; 50-cup tins, 30c.

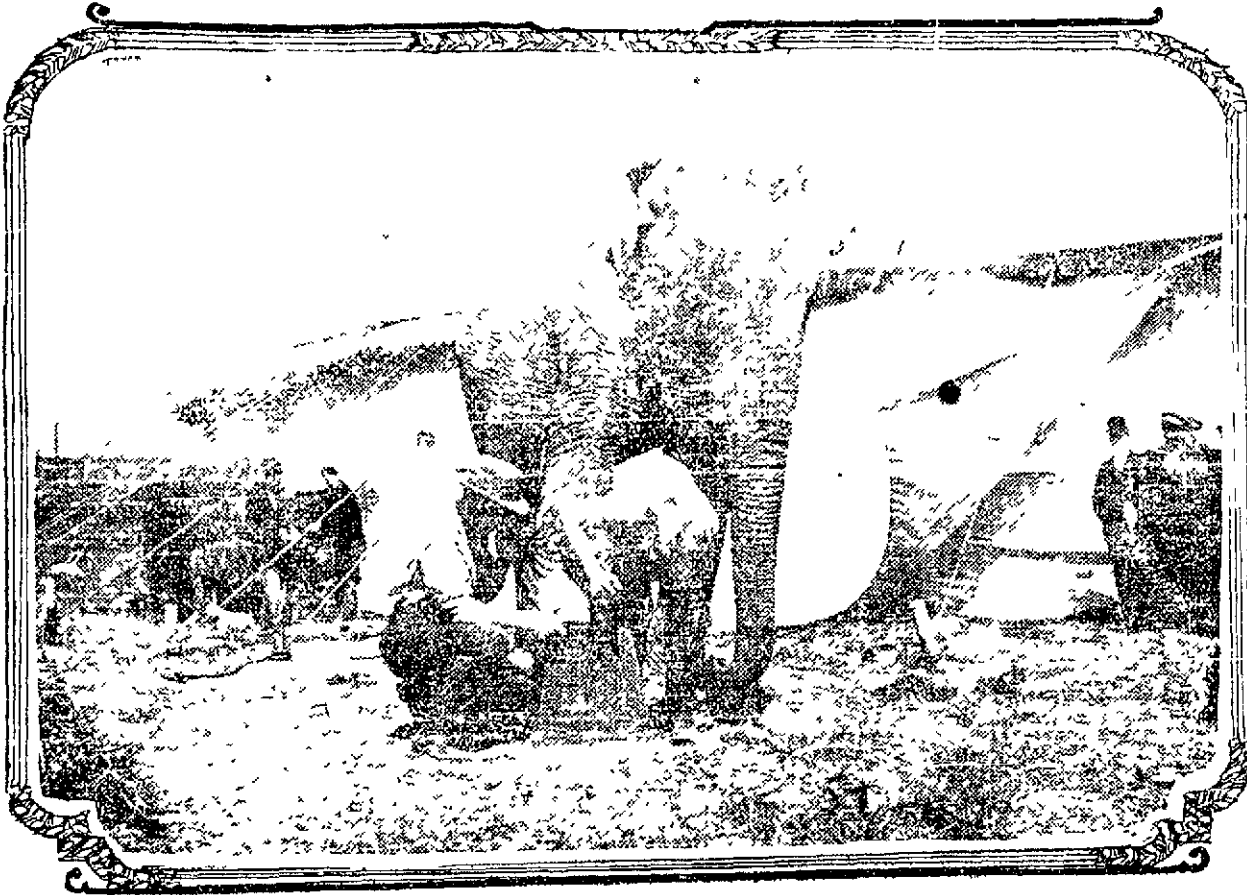

Coffee averages about double that cost.

Made by Postum Cereal Co., 144, Pure Food Factories, Battle Creek, Mich.

CIRCUS PARADE IS TO BE HELD TOMORROW MORNING

BARNUM & BAILEY MONSTER SHOW IS DUE THURSDAY

MANICURING AN ELEPHANT OF THE BARNUM & BAILEY CIRCUS.

5000 Pancakes and 150 Gallons of Coffee to Be Served for Breakfast for 1500 Employees

Just what fraction of the city's population will hie to the Southern Pacific railroad yards tomorrow in the early morning hours to greet the incoming cavalcade, section by section, of the Barnum & Bailey circus, cannot readily be predicted at this early hour. But it will be no mean proportion, as the history of comings and goings of circuses to the city has proved. History will repeat itself and it is believed new records will be established.

The time-honored name, "Barnum & Bailey," readily suggests itself as an irresistible magnet. To observe the unloading of a circus train is always an experience that is fascinating. The glorious opportunity is now only a few hours in the future. By daybreak in the morning the first section of Barnum & Bailey's mile long train will steam into the local yards, coming from Sacramento. This first section will bring

the hotel, kitchen, stable and part of the canvas equipment. The second section will bring the menagerie and the vast new paraphernalia. Soundings of the next shrill blast of the locomotive in the distance will herald the coming of a third department. This will be filled from one end to the other with apparitions necessary to the staging of the spectacular feature, "Cleopatra." The other trains will follow as closely as possible.

14-ACRE CITY.

By day light the wonderful city of tents with its population of 1500 persons, 700 horses and ponies, and 1200 wild animals will be a living, breathing reality. This expanse of canvas, hustle and bustle will cover an area of fourteen acres at Twelfth and Fallon streets.

Circus folk always have their meals on time and they live well. Muscle and brawn require the best assortment of foods that the market can afford. A corps of ninety chefs, waiters and kitchen helpers is needed to cater for the inner comforts of the traveling population. Tomorrow for breakfast there will be consumed by the human portion of the circus these items: 5000 pancakes, 500 pounds of pork chops and steaks, fifteen bushels of potatoes, 150 gallons of coffee and other odds and ends of a satisfying menu in like proportion.

CIRCUS PARADE.

The parade will leave the show grounds at 10 o'clock Thursday morning. Along the moving line four military bands will yield stirring melody. Herds of elephants, camels, zebras, llamas and apaches will trend the route. The uplifted sides of a score of cages will disclose rare and curious captives from the forest, field and jungle. The vehicular equipment is described as a triumph of builder and decorator. Scores of the prettiest dancing girls of the nations will be atop, gallantly escorted by the knights of the arena. Clown cut-ups will turn out in a ludicrous assortment of rolling stock. Every variety of a thoroughbred horse, royally caparisoned, will be proudly represented.

As to the performances there will be the customary two—the first at 2 o'clock in the afternoon and the final at 8 o'clock in the evening. Spacious entrance to the "big show" tent will be thrown open an hour earlier to receive the crowds eager to view the zoological exhibit, which is perhaps the most complete and accurate of its kind in the world.

SPECTACULAR FEATURE.

Much has been promised concerning the new spectacular feature, "Cleopatra," introduced this year by Barnum & Bailey. Five hundred horses, a ballet of 400 and a chorus even larger participate in the gorgeous historical production, with its setting in ancient Egypt. Its action takes place on a mammoth stage which occupies one entire end of the tent. It marks the advent of a new circus, in which are set the hands of a train and imaginative stage director, the musical composers and the maître de ballet.

For the convenience of all who desire to avoid the crowds and clamor at the show grounds, tickets will be on sale for both performances all day tomorrow at Sherman, Clay & Co's piano store. The prices will be the same as at the regular ticket wagons at the scene of the circus.

JOHNSON TO SPEAK TO PROGRESSIVES

Governor Will Address Third Party Convention in Ohio Tomorrow.

COLUMBUS, O., Sept. 4.—Although the first state convention of the Progressive party in Ohio will convene this afternoon and the machinery will be put in motion on little interest is centered in the arrival of Governor Hiram W. Johnson of California tomorrow, who will address the convention. A conference between Johnson, James R. Garfield, Arthur L. Garfield Hays, E. B. Brown and others, is expected to be held at the hotel here on the arrival of Johnson. Johnson is expected to deliver a speech on the platform of the Progressive party for Governor.

This Store Will Participate in the

Oakland Fashion Show

Thursday, Friday and Saturday
September Fifth, Sixth and Seventh

TOMORROW the tantalizing draperies that have shrouded our great show windows will be drawn aside and their dazzling displays disclosed to view. The store, too, will be dressed in its new autumn garb for the great style and beauty show.

This store never before gathered so broadly for a fashion show. The fashion marts of the world have contributed many of their choicest treasures to make this the most comprehensive, most elaborate and most interesting exhibit of fashions and fabrics we ever invited you to come and enjoy.

Interest will naturally center in our exhibit of Parisian and American millinery, costumes, tailored suits, coats, furs, waists and other wearables for women and misses.

But you will find the displays of silks, dress goods, trimmings, laces, ribbons, gloves, hosiery, lingerie, corsets, footwear and fancy goods remarkably beautiful and well worth seeing. The whole store cordially invites you to come for three days of style seeing—for three days of profitable buying.

Twelfth at Washington—Oakland

CONTEMPT CASE HAS BEEN DELAYED

Phase of the Litigation Growing Out of the Continental Association Muddle.

SAN FRANCISCO, Sept. 4.—Building and Loan Commissioner George Walker was not ready to answer the citations against him for contempt of court before United States District Judge De Haven this morning and on the motion of District Attorney Harrison, the case was continued until September 10. Walker was cited to appear following the making of an affidavit by Secretary Corbin of the Continental Building and Loan Association charging him with having ordered Postmaster Arthur Fisk to withhold the corporation's mail in violation of the restraining order issued by the federal tribunal to prevent the commissioner from making any interference.

LIVES FORTY YEARS WITH BROKEN BACK

WARREN, Pa., Sept. 4.—That it is possible for a man to survive many years after having his back broken was proved by George R. Osene of this city, who lived forty years after fracturing his back of sixty years.

While employed by a lumber company of this city, Mr. Osene sustained fractures of both legs, several ribs and the spinal column. He was confined to his bed for months and it was then observed that the vertebrae of his spine were gradually knitting together and resuming their normal condition.

Mr. Osene was interested in his case and declared his partial recovery remarkable.

We Invite Every Woman

before she makes her purchase of a Fall Suit, whether she intends to buy here or elsewhere, to inspect our stock—one as correct and authoritative as any in the city of Oakland.

While we are not recognized as a legitimate Cloak and Suit house by the powers that are in the Oakland Fashion exhibit yet we feel we would be doing the women of Oakland an injustice did we not call attention to the wonderfully beautiful line of fall suits and coats we are displaying, as complete as any in Oakland -- we bar none--and at prices we can honestly say away below the ground floor shops.

Simmonds
284-289 Bacon Building
12th and Washington St., Oakland

Fall and Winter 1912-1913

We most cordially invite your inspection of our now complete stock of Fall and Winter goods. You will find a well selected assortment of Ready-to-Wear Garments for Women, Misses and Children. It always has been our aim to give better values than are usually found elsewhere. We are sure we have succeeded this season better than ever before. We do not tempt you with extravagant displays—but just as we have done for 23 years, we aim to gain and hold your custom by giving you merchandise of merit—Merchandise of Merit means to US to give to YOU merchandise that combines Quality, Style and Workmanship, with reasonable prices. We furthermore assure you of the most careful attention by our salespeople as well as our fitters. May we have the pleasure of a visit from you? You will be delighted with all the novelties we show in Cloaks, Suits, Dresses and Waists.

To make this occasion a memorable one, we offer

OAKLAND FASHION SHOW IS GORGEOUS DISPLAY

SOME OF THE BEAUTIFUL "CREATIONS" OF DRESSMAKER AND MILLINER NOW ON DISPLAY AT THE OAKLAND FASHION SHOW.

RAREST OF DESIGNS SHOWN

Old-World Centers Give Up Elaborate Garments for Local Stores

Beautiful Shades and Splendid Textures Are Features of Exhibit

THE fashion show now in progress in Oakland's big stores brings back reminders of the days when the fairy wand transformed the plain little Cinderella into a beautiful fascinating maiden to be pursued by princes.

It is merely necessary to substitute the merchants for the good fairy godmother, and with a well-filled purse the plainest of plain women of today will be able to appear attractive and interesting. They abide by certain rules and follow the prevailing fashions adopted to each individual type.

The clever model designer has cunningly contrived a means of enhancing the points in femininity where nature has been generous as well as hiding discrepancies with a tinge of artistic veneer. Including exquisite texture and rare coloring combinations, which would indeed confirm the old saying that "fine feathers make fine birds."

GORGEOUS DESIGNS.
Some of the evening materials and press patterns at Taft & Penney's are woven with gilt designs and scintillate with beads, sequins and beads. There are shimmering chiffons, variegated with rainbow hues, deep applique, French materials ornamented in gorgeous designs of opalescent and crystal beaded patterns.

One of the newest designs in dress-making is the panier skirt and Robespierre collar. The panier skirt clings to a decided narrowness at the bottom with a fullness falling from the hips to the knee, where the materials are caught up into the tighter skirt below.

NOVELTY GOWN.
An imported novelty tailored gown in a three-piece suit is of dark blue serge, with freeman red blouse and underskirt. The undersleeves to the red blouse are of black satin, and a tunic collar of red is edged with ermine. Large black satin buttons decorate the jacket, which is a cutaway of fairly good length. The buttonholes are faced with red.

Early models in furs are shown, one particularly handsome set of ermine and mole skin designed after a creation which attracted considerable attention at the recent races in France.

Choice Auction Sale
of the fine furniture, piano, carpets, etc. of W. T. Wells. Sale, Friday, September 6, at 10:30 a. m. at 1007 Clay street, corner 12th, J. A. MUNRO & CO., auctioneers.

LONG, CLINGING SKIRTS.
Some of the novelty semi-tailored suits at Cosgrave's Suit and Cloak Company are elaborate with braiding and hand embroidery on the collar and cuffs. The skirts are long and clinging with a ripple at the bottom of one or two flounces. Some of the exquisite broadcloth dresses are of Havana brown, coral, toffee, mustard, steel blue, and turquoise. Large jeweled buttons are much used and heavy braided ornaments are used to catch the buttons as fasteners.

The new long coats are exclusive in pattern, the newest being the Johnnie cutaway which is made of granny cloth and extends to about four inches from the bottom of the skirt, with a straight loose back. Other automobile coats are loose, of wide waist black and white diagonal stripes cut in one piece with large crush collars.

White chinchilla and astrachan are popular materials used in some of the new coat models at the Eastern Outfitting Company.

Tasty waists of lavender chiffons embroidered in silk, shadow laces, and black and white effects are prevalent among the exclusive designs. Some of the novelty tailored suits are of a new shade of amethyst and brown shades heavily trimmed in rich braiding and hand embroidery. Sealskin has appeared as a popular trimming for winter styles.

Very pleasing street costumes are to be seen at Hale Brothers for moderate pocketbooks, but with the appearance of great value. Many of the garments are severely plain, cutaway coats and Norfolk jackets. One costume of dark gray is modeled with a white corduroy vest and relieved with silver buttons and Robespierre collar. The coat and skirt are almost severely plain with a hint of fullness added to the skirt from the hobble which has been so much worn. Some border on the panier effect. Long coats are relieved with large white broadcloth collars and cuffs.

Strapped with wide bands, giving the short French look to many of the automobile and street garments.

ELABORATE WAISTS.
The novelty waists exhibited at Friedman's are decidedly stylish with high necks and long sleeves and the new set sleeve which produced the extra long shoulder effect. One new waist of brown chiffon, with a wide and top sleeves of cloth of gold, jeweled with gilt beads and finished with small gilt buttons, is an elaborate and effective combination.

Living waists have Robespierre collars. Real Irish lace is still popular as a trimming. Silk lace waists made over foundations of satin and charmeuse are the newest ideas created for feminine wear.

Kahn Brothers have added to their large stock of trimmings some new and handsome laces. One of the new importations from Ireland being the Carrick Macross, a real lace to be extensively used in trimming for the winter. Gold, silver and steel laces for banding and macrame bands and all-overs, Point Venise, Point Reille, shadow laces and real Irish lace are also prevalent.

Some exclusive gowns and hats are exhibited which possess design, style and individuality.

Many of the new gowns border on the panier and directoire models of olden times. The long straight lines will be reserved for tailored garments, but novelty and evening gowns will be unique.

MANNISH SHIRT.
There is a mannish shirt to figure in this fall's wear that will be conspicuous in every well-dressed woman's wardrobe. The material used is mostly white satin, and is cut after the masculine directoire standard. In addition to the unusually excellent millinery display, Abrahamson's

made over foundations of satin and charmeuse are the newest ideas created for feminine wear.

MANNISH SHIRT.
There is a mannish shirt to figure in this fall's wear that will be conspicuous in every well-dressed woman's wardrobe. The material used is mostly white satin, and is cut after the masculine directoire standard. In addition to the unusually excellent millinery display, Abrahamson's

made over foundations of satin and charmeuse are the newest ideas created for feminine wear.

FURS FOR WINTER.
Manheim & Mator have made a large purchase in furs for early fall season and winter wear. White Iceland fox will be a prevailing fashion for evening and afternoon wear. Red fox is to be worn again, large muffs and collars. Blank and ermine separate and combinations of ermine and mouton will be in good form for more expensive selections in furs. Black and gray fox will also be worn.

Contrasts in color schemes are very striking this year. Charmeuse gowns of coral pink are relieved with peacock blue velvet crush belts at the waist line, and lilac-toned buttons and buckles are to be worn.

Shirtdresses are to be seen of soft satin with a mannish effect and long shoulder flaps, finished with plaited frills. In many cases large quantities of buttons are used to outline trimming edges of waist models.

The Pacific Coat and Suit House has some stunning gowns for street wear, including the severe tailored and directoire models which are heavily trimmed.

Many of the materials used are of heavy weight. The diagonal cloth still holds its own. Scotch tweeds, corduroys, zephyrs, serge and velvets are to be worn much this season.

Long sleeves for the hats are in good form, carefully draped over the hat and allowed to fall over the shoulders. Some are of ermine and shadow lace as well as embroidered chiffons.

The new patterns are so narrow at the feet that a girl is really necessary to make a fitting possible. This is a new idea in the history of the hat and edged with a wide band of color made gowns have been adopted as a new fashion. The new and antique are combined in a dress to the close, which is left open, allowing the wearer to use the and cuffs are elaborately embroidered in

extremely high in the back and under the ear with a sudden narrowness under the chin, which will enable the wearer to breathe.

Shadow laces, shiny macrame, real Irish, Venise laces, handkerchief linen elaborately hand embroidered and Irish lace insertions of medallions will be popular in collars. The shapes varied from the Robespierre, square, square sailor and round designs. The Dutch collar is also to be worn with fluffy jabots of shadow laces.

Veilings are very popular this season and strong, the large mesh, black and white combinations, chenille dots and shadow mesh are the most in demand.

SCARFS FOR EVENING.
Scarves for evening wear are of real Spanish lace, and chiffon embroidered in gilt effects.

Long sleeves for the hats are in good form, carefully draped over the hat and allowed to fall over the shoulders. Some are of ermine and shadow lace as well as embroidered chiffons.

GOWNS AND HATS VIE IN INTEREST

Latest Evening Dresses and Beautiful Winter Furs Are to Be Seen

City's Big Merchants Excel in Display of Finery for Women

with artistic handwork. Heavy braiding is also used in conjunction with other trimmings.

A pretty opera cloak is of amber broadcloth, trimmed in Persian braid and black velvet. Long sleeves and a box effect in cut is characteristic of the garment. One of the severe tailor-made garments in a mixed material of brown and blue has a military tinge, with heavy cords hanging from the high military collar.

S. N. Wood is showing the public some exceptional importations in evening gowns, opera cloaks and millinery. The evening creations are heavily beaded and jeweled. One particularly beautiful design is of lavender not over white satin heavily embossed in silver beads. Another black and white creation is extremely Parisian. Black net is draped over white satin, and charmingly lace relieves the satin foundation in a wide banding.

NEW COLOR SCHEME.
Prevailing shades in millinery are amber, amethyst, royal purple, ruby, and purple combinations which are entirely new from a standpoint of color scheme.

The colonial colors of navy blue and buff are represented in the dainty traveling suits which are of walking length and short enough to reveal the boots of dull color.

Among the illustrations the bend toward masculine is decidedly noticeable. Suits of white broadcloth, with a directoire coat, will be worn with a belt of emerald green leather, and embroidered white silk gloves are worn to meet the starched sleeves which are short.

COMBINE MATERIALS.
One of the newest fashions to combine three or more materials in a gown and always two or more colors. Shafrahn's are displaying an exceptionally large selection of black velvet coats for street and evening wear. One garment is of new uncut velvet which will be very fashionable this season. The coat is full length, lined with a bright colored charmeuse and the coat is edged with a wide border of black skunk fur.

Black velvet is a popular material for street coats, a model of which is exhibited. It is ornamented with heavy braiding and edged with round braided ornaments. Flame colored charmeuse is used for the lining, adding a warmth, tone and elegance to the model.

Evening gowns are of blue, pink, yellow and white charmeuse with an overdress of beaded nets, elaborately designed. One dress of pink charmeuse, covered with heavily beaded ornamentation, is a belt of ermine, and a large pink velvet rose at the waist. A lace panel of macramé lace is inserted under the net outer dress, catching up the button near the bottom of the skirt at the front, giving it a touch of French pattern.

HANDBAGS LARGE.
Large handbags are to be used extensively as heretofore. The fall styles in European handbags on show at some of the leading establishments are elaborated with gilt beads and sequins. One particularly beautiful bag is oblong in shape, made of black velvet and cloth of gold. The ornamentation is heavy gilt embossments and cords of gilt, which are quite long.

Beaded black and white double bags are very popular. Lavender and light blue silk double bags with two side rings in the center are also in demand. Fuchsia and green sequined bags are to be seen in various shapes and sizes. Yellow tuxedo bags, combined with cloth of gold and heavy gilt hand strings, will also be in demand, to complete some of the rich and beautiful toilettes to be worn during the approaching season.

Studebaker
MORE than a million Studebaker Wagons and Buggies are in use in the United States and more than fifty thousand in the State of California.

It costs no more to buy a Studebaker than to buy a poor one elsewhere.

Special reduced prices now on a lot of vehicles of all kinds. Also on a hundred odd small Automobile and Carriage Buses.

Studebaker Bros. Co.
12th and J. Keon Streets, Oakland.

ALAMEDA

BOAT ASSISTED
BANDIT'S ESCAPE

Craft Missing From City Wharf
Shows Route Taken by
Car Robber.

BERKELEY, Sept. 4.—Without trace of the man who held up the West Berkeley cars Monday night, the boat which he escaped in is now being sought. The boat was seen on the bay at 10:30 p.m. and was seen to be heading out to sea. The boat was seen to be heading out to sea. The boat was seen to be heading out to sea.

Ward's craft, the "F. W. Ross," was moored nearest the land of several boats along the wharf. It was seen there at a late hour Monday night by a friend, but was not there when he sought it yesterday morning. The next boat to be seen was the "F. W. Ross," which was seen to be heading out to sea. The boat was seen to be heading out to sea.

With the rowboat, which was a light craft, easily handled, the robber could have put ashore at any point up or down the bay coast and thus eluded the police. No report of the finding of the boat has been made. The name, "F. W. Ross," was carved into the stern of the boat.

GLEASON TRAGEDY IS
PROBED BY CORONER

ALAMEDA, Sept. 4.—Coroner C. L. Tisdale held an inquiry at the Alameda branch morgue today to inquire into the death of Edwin R. Gleason, who was drowned in the bay week before last. Dr. W. O. Smith testified that he had viewed the body and found no trace of foul play. He was convinced that Gleason was accidentally drowned. Lloyd Frankester, who, with Luther A. Smith, found both boat and body, testified that he and Smith had found the boat and kept it at Alameda pier for several days, working on it at spare times. Reading of the disappearance of Gleason and his connection with the drifting boat, Frankester and Smith, who are gamblers on the Southern Pacific local trains, kept a sharp watch for the body, believing that it would come to the surface near where the abandoned boat was found. Their vigilance was rewarded by finding the body a week after the drowning. Gleason's body has been cremated and the ashes will be sent to his mother at Green Bay, Wis.

WIFE ACCUSES HER
SPOUSE OF BIGAMY

SAN FRANCISCO, Sept. 4.—Arthur B. Carleton, a promoter, is accused of bigamy in a warrant sworn out in Police Judge Vetter's court today by Mrs. Alice Carleton, 153 Hyde park, Los Angeles. Mrs. Carleton declares that she was deserted by her husband last Christmas and that he subsequently came to this city and married Miss Lydia Mullen on April 25. She claimed that he was in this city and buried here to prosecute him. Subsequently it developed that Carleton had gone to Bakerfield.

STATE UNIVERSITY
CLASSES BALLOT
FOR OFFICERS

EUGENE K. STURGES.

UNIVERSITY OF CALIFORNIA, Sept. 4.—Members of the junior, sophomore and freshman classes are balloting today for officers for the ensuing semester. Polls were open from 8 o'clock this morning. The women voting in the A. V. S. room and the men in the "Joint."

L. P. Hunt and M. A. Lee are rival candidates for the presidency. Other officers in the class are uncontested except the treasurer, for which H. W. Chochran and P. H. Landon are nominees. In the sophomore class E. P. Kuyser and Eugene K. Sturges are candidates for the presidency. The freshmen have two contests, G. K. Lane and W. M. Jones for treasurer and J. R. Murray and L. W. Stetson for sergeant-at-arms. Committees were appointed by the several classes to take charge of the election. L. W. Georgeon is chairman of the junior committee and R. M. Allen of the sophomores. C. A. Hancock is the only nominee for freshman president.

ETUDE CLUB MEETS

BERKELEY, Sept. 4.—The first regular meeting of the Etude Club for the fall season was held yesterday afternoon at Unity hall and attended by many members and friends. A program of varied interest was rendered by Mrs. Hill, Mrs. Lowell, Mrs. Jane Ralphs Bessette, Mrs. Frederick Clarke, Miss Margaret Darch, Warren D. Allen, Miss Claire Ferrin, Mrs. Carrie Bright Kistler, Mrs. Josephine Greve Alvin and Mrs. George S. Johnson. The club will meet next on September 30.

WARRANT FOR
CAPTAIN'S ARREST

Sailors of the Steamer Catania
Beaten by Captain Candy;
Complaint Follows.

ALAMEDA, Sept. 4.—Declaring that they were set upon and badly beaten by Captain Candy of the Steamer Catania, with the vessel was at anchor in Alameda harbor, two sailors of the craft, appeared at police headquarters today and demanded a warrant for the arrest of the skipper. The warrant was issued to Candy but it was found that the sailors cleared last night for Portland and the warrant cannot be served until he returns.

Candy stated that the trouble occurred over some shortage in money four months ago. He said that when the captain paid off at that time that some one got \$40 too much. Last Saturday the two sailors decided to quit the ship and applied to the captain for their pay. Candy says that after having been paid, and turning to go, he found that a door had been locked. He says that he asked the meaning of this, whereupon the captain and four firemen set upon him and Candy and administered an unmerciful beating.

Candy called up the police and told them that the two sailors had been paid off and precipitated the fracas. He declared that the attack was made by the men themselves, and that in defending himself the sailors were worsted.

HAPPENINGS IN BRIEF
AT STATE UNIVERSITY

UNIVERSITY OF CALIFORNIA, Sept. 4.—President and Mrs. Benjamin de Wheeler will receive the faculty and the members of the freshman class this evening at Hearst Hall. Because of the president's trip north with the expedition, the reception was postponed from last week. Graduates and seniors will assist the host and hostess in receiving.

Colonel Harris Weinstock will lecture before the League of the Republic tomorrow on "Free Speech and the W. W." His address will be based upon his recent San Diego investigations as commissioner of Governor Johnson.

The freshman football rally arrangements have been about completed for tomorrow evening. A special section in the Hearst Greek Theater will be reserved for the women students. The classes will attend in bodies. A serpentine to Harmon Gymnasium will follow the rally.

Major E. M. Lewis, retiring commandant of cadets, was the guest of President and Mrs. Wheeler last evening at a farewell dinner. He left today for Fort Mead, S. D., where he will join his division, the Nineteenth Infantry.

A series of talks for freshmen has been arranged by the Y. M. C. A. to commence with an address by President Wheeler on September 13. "A Californian in the Making," will be the general theme of the series. The committee in charge includes the following senators: J. L. Simpson, chairman, Arthur Eaton, F. H. Allen, H. C. McClelland and C. M. Torrey.

Freshman girls were guests of the A. W. S. last evening at Hearst Hall. Among the speakers were Miss Dixie, Miss Barbara Natchtrieb, Mrs. John Galen Howard and Miss Lucy Stebbins, dean of women. Miss Margaret Kenny presided.

Rev. George G. Littlejohn addressed the College Y. W. C. A. this afternoon at Stiles Hall. His subject was "The God of Truth."

MINOR COMPLAINTS.

ALAMEDA, Sept. 4.—Oswald Ingold has filed a complaint with the local police asking that a young man, who he does not know, but who ran into him with a motorcycle, be arrested. Ingold declares that he was crossing the street when he was struck down by the rider. He says that when he inquired the name of the young man the latter jumped on his machine and made his escape.

George Noble, reported to the police that a quantity of building material had been stolen from in front of property on which he is making repairs on Webb avenue, near Park street.

Probation Officer Christopher Russ reported that two little girls, 11 and 12 years of age, had been found in Oakland and were being detained at the probation office. The authorities are unable to locate their parents.

BOYCOTT BY CHINESE.

SAN FRANCISCO, Sept. 4.—At a session of the Chinese Chamber of Commerce held last night a committee from the Toyo Kisen Kaisha Steamship Company requested the removal of a boycott on its line which, however, was denied. It is claimed the Chinese boycotted the line on the representation that the passengers of their race were discriminated against on the liners of the steamship company.

BOATING CLUB
WILL GIVE FIRST
SHOW TONIGHT

MISS ETHEL TOLE.

ALAMEDA, Sept. 4.—The opening performance of the two nights' benefit for the rowing crew of the Alameda Boating Club will be given tonight at the Park theater and will be repeated tomorrow evening. The proceeds will help defray the expenses of the champion barge crew which sails for Honolulu on September 21 for the championship of the Pacific.

The entertainment is a vaudeville and athletic affair, including seven or eight high class vaudeville numbers and a series of boxing and wrestling bouts by Olympic club members.

One of the headline features will be dainty Ethel Tole, an East Oakland miss, who is regarded as a phenomenal singer and dancer artist, though she is but yet a child.

Oscar Young, Newman and De Courcy, Eckstein and Saywell, McKenzie and Wallfisch, Frank Oates and the Lincoln Park Boys' Band will supply special numbers. In addition to those vaudeville turns and the wrestling and boxing there will be two offerings of moving picture films and stereopticon views of the champion barge crew at work.

Crowded houses are expected on both nights. The benefit is under the joint auspices of the Chamber of Commerce and boat club.

40 DIE IN COAL
DAMP EXPLOSION

French Uit Is Ablaze and Further Explosions Take Place.

LENS, France, Sept. 4.—At least 40 coal miners are dead as the result of the explosion of fire damp yesterday afternoon at the Clarence pit, near Bruay. Further explosions occurred today and the entire pit is on fire.

Twenty-one bodies had been brought to the surface before continued explosions caused the rescuers to abandon their efforts in the mine.

ALAMEDA PERSONALS

ALAMEDA, Sept. 4.—Mr. and Mrs. J. C. Jackson, of Guerneville Heights, entertained a house party over the holidays. Among the guests were Mr. and Mrs. Russell Holt, Mrs. C. C. Westover, Miss Barbara Natchtrieb, Mrs. Smith, Miss Ruth Skinner, Charles H. Currier and L. C. Lemmon.

Miss Jessie Purdie is the guest of her aunt, Mrs. J. D. Turner, at her home near Sacramento.

Mr. and Mrs. Robert Valteau, who have been on a tour of the coast, returned to their home in Alameda.

Mrs. L. B. Goldthwaite and daughter Helen of Cedar street who have been visiting in the east for the last three months, have returned to Alameda.

Mrs. R. G. Elmer entertained the Tuesday bridge club yesterday at her home on Caroline street. Among the members of the club are Mrs. J. M. Gorman, Mrs. Herbert Page, Mrs. George Lamb, Mrs. George Crandall, Mrs. George Corbender, Mrs. Charles Davis, Mrs. M. Neuhart, Mrs. Harry Maser, Mrs. Paul Rollin, Mrs. Carl Ewing and Mrs. Elmer.

Louise Culver was host to the Phi Kappa Phi fraternity Monday evening. The members of the local chapter are Harry Davis, David Clark, Kenneth Standiford, Howard Pascoe, Joseph Fenner, Helen Hink, Loris Dexter, Paul Kuhns, John Siegfried, William Gale, Edwin Seagrave, John Cople, George Davis, Harry Adams, Lawrence Ives and J. Clark Seagrave.

Mr. and Mrs. Clyde Carmen are enjoying an extensive tour in their automobile going to Lake Tahoe and a number of other of the Lake resorts before their return to Alameda.

Mrs. J. B. Wallace who has been visiting in the north, will extend her stay for several weeks.

Mr. and Mrs. Harry Clapp have been spending the summer in Los Gatos, returned to their home in Alameda yesterday.

George Thompson and his daughter, Miss Freda, will leave next week for a trip to the coast and will be gone for two weeks or more.

A Dalton Harrison and Hallock Wright will leave for Los Angeles next Saturday by automobile, returning to Del Monte and Santa Barbara before their return.

PASTORS FORGOT
HUMANE SOCIETY

The Letters Asking Mercy Day
Given Not One Reply in
Berkeley.

BERKELEY, Sept. 4.—Members of the Berkeley branch of the Society for the Prevention of Cruelty to Animals believe that they have had their day of triumph in the city. The society's plea for a local Mercy Day celebration, sent individually to each pastor of a Berkeley church, received not one reply and the plans for the day had to be abandoned.

Letters were written last May declaring secretary Herbert Jones in his report at the annual meeting of the society, that the society had been organized a Mercy Day to be observed one day in the year for service and sermons on the subject of mercy for the weak and helpless both child and beast. The society had not received a single response from any of the clergy, so this good work, which is carried on to a great extent in the eastern states and England will have to be abandoned.

Officers for the year were elected by the society at its meeting. Chief of Police August Volmer being re-elected president. The other officers chosen, most of them re-elected, were as follows: Vice-president, Professor Frank Soule of the University of California; secretary-treasurer, Herbert Jones; corresponding secretary, Mrs. Glorvyn Pennington; medical inspector, Walter Manchester, director, Mrs. William Keith, Mrs. Walter Manchester, Mrs. Herbert Jones, Mrs. H. A. Wright, Mrs. Edna Corvill Christian Hoff, commissioner of public health and safety, and A. S. Olney.

OAKLAND TO BE
REPRESENTED

Baccus to Read Report on Oil
Macadam at Coming
Convention.

Oakland will be represented at the session of the League of California Municipalities to be held in Berkeley, September 23 to 25, inclusive, according to plans made at the meeting of the city council this morning. The formal invitation to send a delegation to the annual convention was received, and City Clerk Frank B. Thompson was instructed to reply to the invitation that Oakland would be represented.

Commissioner of Streets W. J. Baccus was asked by Mayor Mott, who is vice-president of the league, to prepare a paper on oil macadam and street work in Oakland. The delegates to the convention will spend one day in Oakland and will be taken over the water front, the new city hall and other improvements of the municipality.

Y. M. INSTITUTE
GIVES 'MRS. FLYNN'S
BOARDING-HOUSE'

M. J. DEVANEY.

ALAMEDA, Sept. 4.—The dramatic section of California Council, Y. M. I., is rehearsing "Mrs. Flynn's Boarding House" for production in Lafayette hall on September 19 and 20. The scenic effects are being especially painted by J. K. Allison, a member of the California council. The cast includes a large number of well-known Alameda amateurs.

Council President M. J. Devaney is lending the dramatic section all possible assistance. The council members have produced a number of plays and sketches with marked success and the forthcoming comedy undertaking is expected to eclipse all previous efforts.

HOLD FUNERAL OF
AGED ARMY VETERAN

The funeral services of Albert Schroeder, aged 80 years, a pioneer of the State, who died at his home, 2628 Short street, Monday night, were held this morning from the funeral chapel of the Grant D. Miller Undertaking company, on East Fourteenth street.

Schroeder was a member of Lookout Mountain Post, Grand Army of the Republic of Berkeley, his former place of residence. A native of Germany, he emigrated to this country at an early date, settling in New York. Shortly after he left for the west, coming to California by way of Panama.

Schroeder is survived by a widow, Mrs. Babette Schroeder, and two sons, Louis and Emil, and one daughter, Mrs. Minnie Lawrence.

FORMER HAYWARD
MERCHANT DEAD

Peter Beck Passes Away at
Pinole. Aged 71
Years.

HAYWARD, Sept. 4.—Private advices received here tell of the death of Peter Beck at Pinole yesterday. Beck was for many years a prominent merchant of Hayward and was active in civic affairs. He was 71 years old at the time of his death and a native of Germany. He is survived by four daughters—Mrs. Anna Beck, Mrs. Catherine Bradford, Mrs. Anna Beck and Mrs. Edith O'Neill. The body will be brought to this city for burial.

UNITARIAN CLUB
MEETING TONIGHT

ALAMEDA, Sept. 4.—The Greater San Francisco subject will be discussed tonight at the Unitarian Club. W. C. Sharpstein of this city, one of the heads of the Greater San Francisco committee, will speak in favor of consolidation of the bay communities. Tobias Evans of Oakland will speak against the proposal. The usual social numbers will be given during the evening. The club meeting will be the customary members' night, and smoking will be allowed.

BERKELEY SOCIETY

BERKELEY, Sept. 4.—The wedding of Miss Bradley, daughter of Cornelius Bradley, of Berkeley, to Herbert N. Webster of Berkeley, will take place on September 28 at the home of the bride's brother, Dr. Harold Bradley at Woodside, Mass.

Miss Florence Vane of Rose street has as her house guest Miss Genevieve Powers of Sacramento. Miss Powers was formerly of Alameda where she was popular among the smart set. She and her father recently moved to Sacramento where her father has business interests. She expects to remain several weeks in the college town.

Miss Bradley is an ardent suffragist and will be remembered among the women of California for the work she did for the suffrage cause.

Mrs. G. L. Gould and daughter of 1700 Parker street, left for Los Angeles on the Lake and morning train. They expect to winter in the southern city and will be missed here by their friends. Mrs. Gould and her daughter will make their home with friends in Los Angeles during their stay there.

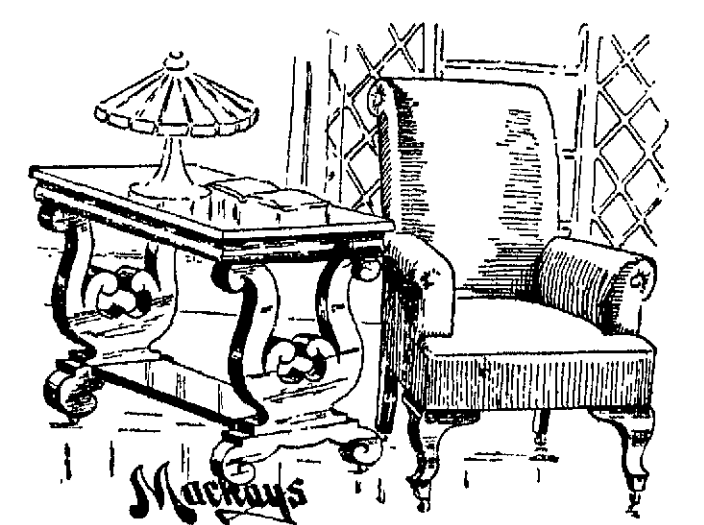

In the former home of the bride, in Berkeley, the marriage of Miss Francis Olson and Raymond Winfield was quietly celebrated on August 15. The house was elaborately decorated in white blossoms and greenery. The bride wore a gown of pale blue charmeuse and she carried a shower bouquet of white roses.

After the ceremony the couple left for Los Angeles, where they will spend their honeymoon. On their return they will make their home in Berkeley.

Mr. and Mrs. Milton Thomas Farmer are spending their honeymoon motoring through the south. They are now on their way to Mexico, where they plan to remain several weeks. They will return to Berkeley for a short visit before going to Europe. While here they will make their home with the bride's mother, Mrs. E. Seymour Young of Elmwood Park. They will then go abroad, where they will spend several months traveling on the continent.

Mrs. John Howland Lathrop, who has been visiting in Berkeley for several months, will leave for the east about the first of October. Mrs. Lathrop's home is in the east, but she and her husband came to the coast to spend the summer. Lathrop was forced to make his brief and left for his home several days ago.

Good dependable Furniture, fair prices
and generous credit—that's our story.

The Library Table \$23 The Easy Chair \$26

Two examples of "Mackay" quality furniture correctly designed, built of the best materials and priced right—and in addition to this

WASHINGTON, Sept. 4. (Colored) Theodore Roosevelt is expected to appear October 3 or 4 before the special Senate committee investigating campaign contributions to testify regarding the allegations of John D. Archbold and Senator P. B. P. that the Standard Oil Company gave \$1,000 to the United States senator. Archbold says his informant definitely told him Roosevelt's speaking date will bring him last about that time.

GROWS HAIR ON BALD HEADS

It is one of the latest and most scientific discoveries in connection with hair. It is a powerful antiseptic, a combination is formed which destroys the germ which causes the hair to fall out. It is a coloring matter or dye.

The famous Rexall "33" Hair Tonic is chiefly composed of Resorcinol, Beta Naphthol and Phosphoric acid, combined with pure alcohol, because of its clearing and antiseptic qualities. It makes the scalp healthy, nourishes the hair, revitalizes the roots, supplies hair nourishment and stimulates a new growth.

We want you to try a few bottles of Rexall "33" Hair Tonic on our personal guarantee that the trial will not cost you a penny if it does not give absolute satisfaction. That's proof of our faith in this remedy and it should indisputably demonstrate that we know what we are talking about when we say that Rexall "33" Hair Tonic will grow hair on bald heads, except of course where baldness has been of such long duration that the roots of the hair are entirely dead, the follicles closed and grown over, and the scalp is glazed.

Remember, we are basing our statements upon what has already been accomplished by the use of Rexall "33" Hair Tonic, and we have the right to assume that what it has done for hundreds of others it will do for you. In any event you cannot lose anything by giving it a trial on our liberal guarantee. Two sizes, 50 cents and \$1.00. Remember, you can obtain Rexall Remedies only at The Owl Drug Company stores in Oakland, San Francisco, Los Angeles, Sacramento, Portland, Seattle, Spokane.

W. C. T. U. PICNIC.

The annual picnic of the Woman's Christian Temperance Union of Alameda county will be held at Mosswood park tomorrow. There will be a basket luncheon, informal program and general good time. Members and friends will be welcome.

LIFEGUARD HAS SAVED MANY LIVES

Says That a Smile Is the Best Reward That He Ever Desires.

LOS ANGELES, Sept. 4.—Suppose you had jumped into the Pacific ocean and had brought a drowning swimmer to shore and safety, it is the risk of your own life.

Suppose you had done this 25 times within the last three months and 52 times within the last two years.

Suppose, further, that your only reward were a smile and a "thank you," a few invitations to house parties and dinners, a box of candy, a check, a letter of appreciation and the like.

Would you continue in the life-saving business?

David Moreno, municipal lifeguard at Venice, has this much to say for himself and these rewards. He is a man who is going to quit the life-saving business, he is intended to resume his business of saving lives next summer.

Moreno's satisfaction with his work yesterday, when he saved Miss Elizabeth Stephenson of Denver from the waves. "The smile is the best reward for the life-saver," says Moreno. "I do not mean the smile given by the rescued one's friends. I mean the smile that often appears on the face of the victim when he or she feels a strong hand clanking at the sinking body."

SOUTHERN MOTORCYCLE RIDERS VISITORS HERE

Eleven members of the Los Angeles Motorcycle club finished an endurance run, the longest on the coast, from Los Angeles to Oakland, yesterday, seven finishing with perfect scores. The boys started from Los Angeles Monday at 5 a. m., finished at 3:05 yesterday afternoon. They are staying at the Hotel Cretin.

The Oakland Motorcycle club gave them a big banquet at the club rooms on Fifteenth street last night. The run home commences tomorrow morning at 4 o'clock.

STANCHIONS TAKE PLACE OF STRAPS

United Railroads Car Passengers to Be Holders Instead of Hangers.

SAN FRANCISCO, Sept. 4.—There can be no strap hangers in the 95 cars the United Railroads is going to order as soon as the railroad commission gives it permission, because there will be no straps. The new cars for the company made that statement voluntarily before the commission yesterday, but the cheers that were rising in the streets of the city were checked by the further announcement that the new cars will be equipped with stanchions, to which the seatless street car riders will have to cling.

One advantage of the stanchion, suggested by the company, is that it may be washed easily. Another advantage, suggested by a number of the audience at yesterday's hearing, is that it will hold more people upright than a strap.

What the United Railroads wishes to do is to issue \$300,000 of equipment trust certificates, with which the cars will be purchased. E. H. Rollins & Sons will place the certificates, and the Anglo-California Trust company will act as trustee.

The only objection raised to the entire plan was made at the hearing by Supervisor Alexander Vogelsang, who said that the public utilities committee of the board considered the plan of the proposed cars defective in that the cars were too wide and that the seats ran lengthwise instead of across the cars. It was explained on the company's part that the lengthwise seat gave more aisle room, and Vogel-sang saw in this statement a desire on the company's part to secure as much standing room as possible.

"You might take out the seats altogether," he suggested, "and thus secure greater fluidity."

No objection was made to substitution of the stanchion for the strap, and so the commission took the matter under advisement. Before a decision is made the commission will go over the financial condition of the company in detail.

MANTELL'S HOME VISITED BY STORK

The Noted Thespian Is Vastly Delighted by the Arrival of a Son.

SAN FRANCISCO, Sept. 4.—The visit of the stork to the home of Robert B. Mantell, the noted player of Shakespearean roles, was an exciting bit of gossip along the local Natio yesterday. The proud father wired:

"Ashbury, N. Y., September 2.—A fine boy; wife and son doing splendidly. R. B. Mantell."

The telegram was received by a schoolmate of Mantell's—they played hockey together in Dublin—who was tickled with the brilliant use of unrefined wit in the message. Ashbury is the palatial country place of the actor in the Atlantic Highlands.

The mother, Mrs. Genevieve Hamper Mantell, is a beautiful Detroit society girl who was married quietly to the great star in January of this year by a justice of the peace at Pueblo, Colorado. It was the actor's third plunge into matrimony. He was divorced from his first wife, and his second wife, the winsome Marie Booth Russell, died in the November preceding his marriage to Miss Hamper.

Miss Hamper was a member of the Mantell company from November, 1910, when she joined it at her home city. To explain his marriage so soon after the death of his former wife, Mantell declared that Mrs. Hamper was a devoted mother of his new son, and an impelling reason of his new union was the attachment that had existed between the two women.

INDIAN KEEPS PROMISE TO RETURN TO JAIL

PORTLAND, Ore., Sept. 4.—The confidence that was reposed in George Gray, a wealthy Klamath Indian, by United States District Judge Egan, was not misplaced when his sentence of 60 days in jail was suspended for more than two months that he might harvest his crops. Due in Portland September 1 to begin his sentence, Gray arrived Saturday night and all day Sunday tried to break into jail, but could find no one to commit him officially. Early Monday morning he appeared before the United States district attorney and was committed. Gray, owner of 1500 acres, celebrated a birth in his family last winter by buying several gallons of whisky and inviting his neighbors. Several became intoxicated and Gray was arrested for supplying them with the liquor.

GRAPE GROWERS WILL MAKE THEIR PROTEST

SANTA ROSA, Sept. 4.—A meeting of the grape growers of Northern Sonoma has been called to be held at Cloverdale Saturday night under the auspices of the Cloverdale Grape Growers' Protective Association to consider the ordinance proposed by the Anti-Road House League for submission at the coming election. The association contends that the ordinance aims to put a ban on wineries, as it provides that no one can sell liquors outside of incorporated towns unless conducting a hotel which contains thirty-two rooms or more. Ross Campbell, attorney for the league, said the ordinance is not aimed at the wineries or at prohibition, but at the road houses. The league proposes a clause excluding the wineries.

HELEN KELLER TO CHANGE RESIDENCE

SCHENECTADY, N. Y., Sept. 4.—An announcement is made here that Miss Helen Keller of Wrentham, Mass., the noted blind and deaf woman, will henceforth make her home in this city. She has been a lifelong companion of Mrs. John Macy, whose husband is secretary to Mayor George B. Lunn.

GRAY HAIR QUICKLY DESTROYED, DANDRUFF, FALLING HAIR STOPPED

Remedy Made from Garder Sage and Sulphur Restores Color to Gray Hair.

A feeling of sadness accompanies the discovery of the first gray hairs which unfortunately are looked upon as heralds of advancing age. Gray hair, however handsome it may be, makes a person look old. We all know the advantages of being young. Aside from the good impression a youthful appearance makes on others, simply knowing that you are "looking fit" gives one courage to do things and accomplish things. So why suffer the handicap of looking old on account of gray hairs, when a simple remedy will give your hair youthful color and beauty in a few days' time?

Most people know that common gar-

den sage acts as a color restorer and scalp tonic as well. Our grandmothers used a "Sage Tea" for keeping their hair dark, soft and luxuriant. In Wyeth's Sage and Sulphur Hair Remedy we have an ideal preparation of Sage, combined with Sulphur and other valuable remedies for dandruff, itching scalp and thin, weak hair that is split at the ends or constantly coming out. A few applications of this valuable remedy will bring back the color and in a short time it will remove every trace of dandruff and greatly improve the growth and appearance of the hair.

Get a fifty-cent bottle from your druggist today, and notice the difference in your hair after a few days' treatment. All druggists sell it, under guarantee that the money will be refunded if the remedy is not exactly as represented. Agents, The Owl Drug Stores.

CONCORD, CAL.

FOR DANDRUFF, FALLING HAIR OR ITCHY SCALP; 25-CENT 'DANDERINE'

Save Your Hair! Danderine Destroys Dandruff and Stops the Falling Hair at Once; Grows Hair, We Prove It.

If you care for heavy hair, that glistens with beauty and is radiant with life, has an incomparable softness and is fluffy and lustrous you must use Danderine, because nothing else accomplishes so much for the hair. Just one application of Knowlton's Danderine will double the beauty of your hair, besides it immediately dissolves every particle of dandruff, you cannot have nice, heavy, healthy hair if you have dandruff. This destructive scurf robs the hair of its lustre, its strength and its life, and if not overcome it produces a feverishness and itching of the scalp; the hair roots become loosened and die; then the hair falls out fast.

If your hair has been neglected and is thin, faded, dry, scraggy or too oily, don't hesitate, but get a 25 cent bottle of Knowlton's Danderine at any drug store or toilet counter; apply a little as directed and ten minutes after you will say this was the best investment you ever made.

We sincerely believe, regardless of everything else advertised that if you desire soft, lustrous, beautiful hair and lots of it—no dandruff—no itching scalp and no more falling hair—you must use Knowlton's Danderine. If eventually why not now? A 25 cent bottle will truly amaze you.

FATHER TIME IS BANE OF WORKERS

One Chance in 10,000 to Make Living at Seventy Says Savant.

CHICAGO, Sept. 4.—You have one chance in 10,000 in supporting yourself when you are three score and ten, according to information imparted to Professor Charles H. Henderson's class in sociology in the University of California.

Superintendent William C. Graves of the James C. Hoge Home for Old Men made the statement in a lecture on "The Broken Family."

"Only one man in 10,000 is self-supporting at the age of 70 years, according to the statistics," said Graves. In the United States there are approximately 1,250,000 persons over 65 years of age, and most, dependent on public and private charity, at a cost of \$220,000,000 a year. There are about 300,000 old people in benevolent institutions and homes in this country. It costs about \$50,000,000 a year to care for them.

"Old age seems to be an individual thing to each person reaching it. It is difficult to state that a person is old at 60 or 65 or 70 or beyond that. There are three factors in determining age: "1.—The number of years a person has lived. This is inexact, as shown by a study of individuals and of the various minimum age limits for admission to homes. Limits when persons are 60, 65, 70, 75, 80, 85, 90, 95, 100, 110, 120, 130, 140, 150, 160, 170, 180, 190, 200, 210, 220, 230, 240, 250, 260, 270, 280, 290, 300, 310, 320, 330, 340, 350, 360, 370, 380, 390, 400, 410, 420, 430, 440, 450, 460, 470, 480, 490, 500, 510, 520, 530, 540, 550, 560, 570, 580, 590, 600, 610, 620, 630, 640, 650, 660, 670, 680, 690, 700, 710, 720, 730, 740, 750, 760, 770, 780, SEALS FIRST SACKER IS LEADING SWATS MAN OF LEAGUE

Heitmuller of Los Angeles is the Best of Clouters; Gus Hetting Right There.

Del Howard, the new Seal first baseman, has the honor of leading the batmen of the Pacific Coast League. He has hit 100 times in 100 games, and has scored 100 runs in 100 games. He is the only player in the league who has done this. He is the only player in the league who has done this. He is the only player in the league who has done this.

Little Pete Daly, the center fielder of the Angels, is another who is going like a champion. He is the best of the league. He is the best of the league. He is the best of the league.

WILLIE BUG AND FIRE FLY VISIT THE BALL PARK

By Kettlewell of the TRIBUNE art staff.

GREGORY FINDS SENATORS EASY KIND OF PICKING

Pitches Bang Up Ball and Atkins Bunch Go Home With Short End of 3 to 1

Oakland landed a few points to those that they already have at Freeman Park yesterday afternoon when they trounced the Solons in a postponed game by a score of 3 to 1. Likewise Los Angeles won down south by a score of 5 to 1, so we didn't gain much on the Angels, but we did gain on Hap, and that's the gang we seem to most fear.

As for the victory yesterday it was welcome, but nobody seemed to care whether we won or not, according to the noise that was made. But there was a real loud cheer and that was when Hettinger pitched a double to right field that scored two of his team mates and saved up the game.

It was Schwenck that heaved for Sacramento, but he was no good. He pitched a ball that was a real dud. He pitched a ball that was a real dud. He pitched a ball that was a real dud.

HOW OAKLAND MADE THREE. It was no big deal for the Oakland team to win. They were the best team in the league. They were the best team in the league. They were the best team in the league.

Following this came Hettinger with a screaming double to rightfield and two more runs. He pitched a ball that was a real dud. He pitched a ball that was a real dud. He pitched a ball that was a real dud.

SOLONS ARE WEAK. The Solons were a weak team. They were a weak team. They were a weak team. They were a weak team. They were a weak team.

That's all there is to tell of the game. The Oakland team was the best team in the league. They were the best team in the league. They were the best team in the league.

That's all there is to tell of the game. The Oakland team was the best team in the league. They were the best team in the league. They were the best team in the league.

That's all there is to tell of the game. The Oakland team was the best team in the league. They were the best team in the league. They were the best team in the league.

That's all there is to tell of the game. The Oakland team was the best team in the league. They were the best team in the league. They were the best team in the league.

That's all there is to tell of the game. The Oakland team was the best team in the league. They were the best team in the league. They were the best team in the league.

That's all there is to tell of the game. The Oakland team was the best team in the league. They were the best team in the league. They were the best team in the league.

That's all there is to tell of the game. The Oakland team was the best team in the league. They were the best team in the league. They were the best team in the league.

AROUND THE BASES

No matter how great a man's offense might be he is at least entitled to a fair show down. This particularly applies to outfielder Issey Hoffman of the Oakland team, who has his name posted among the suspended players on Secretary Farrell's official bulletin.

When THE TRIBUNE made mention of the fact that Hoffman was suspended the powers that be of the Oakland club denied the statement and said that Hoffman was out of the game with a lame back. Facts and Farrell's bulletin proved that THE TRIBUNE was right.

After being out of the game for 10 days, after which a player is entitled to a hearing, Hoffman demanded this hearing and for the last 14 days has been unable to get the same from either the president or the captain of the club.

Up to yesterday, everything that was said concerning Hoffman was a tendency to put the player in a bad light. After he had made a plain statement of what he said were the real facts of the case, Hoffman isn't as bad as some people would picture him.

The real trouble seems to be a family affair, which, of course, is none of the public's business, nor should it be permitted to interfere with the success of the club.

Manager Sharpe does not want Hoffman on his team. He should at least allow the man to make some arrangements whereby he can pursue his means of making a living.

Oakland and Los Angeles were the winners of yesterday's games while the Hooglans were idle. The victory brings the locals a few points nearer the Hooglans, but it did not put them any closer to the real leaders, the Angels. Still, every little bit added to what you have always makes a little bit more.

Frank Newhouse made his first appearance as an umpire in the Coast League yesterday and got by with the job in good shape. Possibly he missed that hidden ball stunt of O'Rourke's on Zachary's double, but he said that O'Rourke touched him and as Newhouse was right on top of the play he was in a better position to see what was going on than the fans and fanettes in the grandstand and bleachers.

Hettinger earned more fame with the war club and in the field yesterday. In the first instance he came through with a screaming double to rightfield and then he romped over himself. In the field he was on the starting end of a scoring double that scored two runs and maybe more runs.

Bill Leard played second base with elegance and grace and cut off a couple of hard hit drives at different stages of the game. He hit the ball well, too, but unfortunately he was out of the game for the first time he went to bat.

Patterson was fleet of foot in the fourth inning and because he was fleet of foot he got a base hit. He hit toward right in the fourth inning and went running. He hit toward right in the fourth inning and went running.

Zacher made a long run and a hard try for a screamer that White Hogan was going to catch. He was going to catch it, but he failed to squeeze the pellet and was given an error.

Fanning pitched one of his ball games in the south yesterday and a host of fans gave the Angels the long end of a five run score. Fanning pitched one of his ball games in the south yesterday and a host of fans gave the Angels the long end of a five run score.

Holla was lucky yesterday. Twice he got on the paths and each time Bush Pace followed with a two baxker. In fact, the bunch gathered three of them out of four trips to the bat. And those hits helped the Angels to the plate.

HOMER MACK WINS BIG PURSE AT SALEM MEET. SALEM, Ore., Sept. 4.—Homer Mack, a big stallion, took the big purse yesterday in the 2:55 pace after Dan Logan had won the first heat in 2:14. The track was fairly dry and gives indications of being in fine shape for the remainder of the season.

Woodman of the World purse, \$2400, 2:25 pace, best two in three—Homer Mack won. Dan Logan second, Miles Isadore third. Best time, 2:14.

No. 2 of the Macken won. Fable Dull second, Gervasio third. Best time, 2:25.

FANS ARE WARMING UP TO BURNS AND HOGAN MIX UP

Old Time Rivals Putting in Best Licks to be Fit and Ready for That Bout Sept. 9th

Now that it has been discovered that Charley Miller had two of his ribs broken at Daly City during his little argument with Jim Flynn and that the aforesaid Jim Flynn might fight Al Kaufman on Discovery Day, the fans are turning the flow of conversation to the next mill on the pugilistic card, which will

on the 10 round passage at arms at Corbett's Eighth street arena next Monday afternoon, between Frankie Burns of Oakland and Fred Hogan of San Francisco.

Back in the misty past these two lads met in a four round go and Hogan walked out of the ring with the referee's decision over him, but it was a shabby one and that kept Burns on the humper for a return match.

On January 27, 1911, Fred Hogan, called "One Round" Hogan because he laid his men low in one round, heard the call and agreed to step into the ring with the aforesaid Frankie Burns.

This second meeting of the two men was a hummer for 10 rounds, then Burns began to pull away and in the 12th One Round Hogan, to save himself from going into dreamland, took to butting and fouling and for this he was disqualified.

Like all fighters, he had his excuse, but for some reason or other wouldn't take the price of Oakland through it was his boast that he could whip Frankie.

Time and again he sidestepped the call and again he sidestepped the call and again he sidestepped the call. He sidestepped the call and again he sidestepped the call. He sidestepped the call and again he sidestepped the call.

HOGAN MIGHT DO WELL. In many quarters Hogan has been dubbed "the run down" and it is common talk that he is afraid of the Oakland lad. Still, when one looks at Hogan's record he isn't the back up kid that the fans figure him to be, for he has not and defeated and been defeated by some of the best men that ever donned boxing gloves.

In some of these fights Hogan was a whirlwind and brought home the bacon in a jiffy. In others he took to the tail of the fan figure him to be, for he has not and defeated and been defeated by some of the best men that ever donned boxing gloves.

What he will do in the bout with Burns remains to be seen, but a fight with fans who love the game of hit and get away, many are for the One Rounder despite his former battles and they figure him to win.

Varsity Kickers Hold First Big Practice. BERKELEY, Sept. 4.—The blue and white varsity candidates appeared for their first practice yesterday afternoon. The 200 men received instructions from Coach Schuchter and left on California field. This is the largest varsity squad that has ever turned out for practice and the field presented an animated scene during the four to five hours session.

The men were put through a strenuous course for a first day practice, dribbling and punting occupying the major part of the drill. The men were also divided into squads of four and were to play a game.

All of the veterans of last year's varsity team were in college this year. The team was made up of the following: Dolan, who was injured last year, Dolan, who was injured last year, Dolan, who was injured last year.

The first game for the varsity is scheduled for next Monday with the Berkeley team. The game will be played at the Berkeley field. The game will be played at the Berkeley field. The game will be played at the Berkeley field.

RAIN STOPS GRAND CIRCUIT RACES. HARTFORD, Conn., Sept. 4.—The grand circuit races at Hartford were postponed yesterday on account of rain.

J. KILLILAY IS THE BEST PITCHER THAT THE COASTERS HAVE

ST. MARY'S RUGBYS PREPARING FOR THE SEASON

Although St. Mary's college rugby football season has taken on a promising appearance, Coach Otto Rittler and Graduate Manager Rustler have yet high hopes for putting out a strong fifteen. The number of veterans, who will go out for the team this season is estimated at 100. It is necessary to have 100 players to pick 14 huskies from the new recruits. The heavy registration has shown that the team is in good shape.

SLIDES DELAY
WORK ON DITCH

Engineers Encounter More
Trouble at Culebra Cut on
Panama Canal.

COLON, Panama, Sept. 4.—Two more great earth slides have added to the danger of work at the Culebra cut of the Panama canal, and one of them is giving the Commission engineers serious trouble. The slides were six days apart and combined they swept 1,200,000 cubic yards of earth and debris down.

The first slide was north of Empire and the second was near the deepest part of the cut. In the second slide 300,000 yards of earth were carried to the bottom of the canal, partly burying one steam shovel and endangering the lives of a number of workmen.

The two slides, through damage to the diversion of drainage canals, have flooded sections of the big ditch and several days more of pumping will be needed to get the water out.

The two-story Young Men's Christian Association home, erected on Culebra Heights, is sliding toward the canal, and the Commission has ordered its use discontinued.

CHICAGO SUFFRAGISTS MOVEMENT IS FAILURE

CHICAGO, Sept. 4.—For the second time within five months, Chicago women have failed to gain approval for the equal suffrage movement from male citizens. The second failure has been registered in the result of the attempt to gain 100,000 signatures to a petition that a proposition granting equal suffrage under the public policy act be submitted to the voters on the November ballot. The petition lacks 30,000 names.

AT 77 DRIVES
AUTO 2000 MILES

Aged Veteran and Wife Make
Run Along Coast to Los
Angeles.

LOS ANGELES, Sept. 4.—After having driven nearly 2000 miles in a battered touring car over some of the roughest mountain roads in the northwest, and skirting the coast from Tacoma, Wash., to Los Angeles, Col. Jeremiah McFarland, 77 years old, commander of the N. B. Pace Post, G. A. R., of Casimere, Wash., and member of the staff of Commander-in-Chief Tiltz, has arrived in this city to attend the national convention of the G. A. R., which will convene here next week. The journey occupied 25 days.

With McFarland on the long trip was his wife, Mrs. Sarah McFarland, 70 years old. Both are enthusiastic motorists. They drove alone over many steep grades and through wild sections of the country, but experienced no mishap of any kind. Their route was from Casimere, Wash., their home, through Gold Bar, Wash., Tacoma, Portland, Roseburg, Grants Pass and Northern California points to Berkeley, and from that city along the coast to Los Angeles.

BULGARIA THREATENS TO WAR ON TURKEY

LONDON, Sept. 4.—Unless the powers soon succeed in securing autonomy for Macedonia, says the Daily Mail's Sofia correspondent today, even the present Bulgarian government will become convinced of the necessity for war with Turkey, in order to compel the Porte to concede autonomy.

ELECTRIC SERVICE IS THEIR DESIRE

San Jose Business Men Will
Send Petition to Southern
Pacific Company.

SAN JOSE, Sept. 4.—At a meeting of the Chamber of Commerce last night that body decided to take decisive action looking to the securing of electric railroad connection with the bay cities via the old narrow gauge railroad route between Oakland and this city by way of Newark and Alameda. Tomorrow it was decided that E. N. Richmond, president of the chamber, will appoint a committee of five to formulate the demands of the local citizens for presentation to the Southern Pacific Company.

The railroad will be asked to electrify its line to Oakland and to close the gap between Palo Alto and San Mateo by preparing to handle traffic on electric cars over one of its present street tracks all the way from San Jose to San Francisco.

It was pointed out that these concessions, if secured, will make San Jose an ideal location for the most desirable residence section about the bay for commuters and make possible a growth here that cannot possibly come without electric railroad facilities clear to San Francisco and Oakland.

In addition to this the chamber wants the railroad company to either put electric equipment on one of its tracks to Gilroy or install an hourly motor car service between the city and Palo Alto on the north, with the special idea of handling the theater and opera going there by train in this city and those neighboring towns.

MORGAN KILLED, STATES VETERAN

Denies Statement of Woman
That Confederate General
Was Not Slain.

CHICAGO, Sept. 4.—W. C. Platt of this city, who served under General John H. Morgan, the Confederate cavalry leader, today took issue with the recent statement of Mrs. L. F. Larue of Cherokee, Okla., that General Morgan was not killed by Union soldiers, but escaped and, under the name of Dr. John M. Cole, lived and died in Kansas.

Before a soldier's reunion in Guthrie, Okla., Mrs. Larue was reported to have declared that General Morgan was her father and that he died in 1899 and was buried near Via, Okla.

Platt, who served the Confederacy as a courier and later as a trooper in Morgan's command, stated positively that General Morgan was killed in a skirmish at Greenville, Tenn., September 4, 1864, and that he was one of a party which regained the general's body, which was later interred in Lexington, Ky.

TWO ACCUSED OF STEALING POSTAGE STAMPS

RED LODGE, Mont., Sept. 4.—Wanted for the theft two years ago of \$80,000 worth of postage stamps from the postoffice of Gettysburg, Montenegro, two Montenegrins were taken into custody at Bear Creek today by a deputy sheriff. The men arrested are brothers and have been going under the name of Popovich. Their correct name is said to be Yabouchanline.

From the correspondence transmitted from the American Legation at Athens to the secretary of the United States and forwarded to the local county authorities through Governor Norris, it appears that the suspected men, following the robbery of the postoffice, made their way to America and joined a large colony of Montenegrin coal miners at Bear Creek, where it is alleged they had agents engaged in disposing of the stamps.

They conducted a store at Bear Creek until a few months ago. A search of the cabin occupied by the suspected men revealed a number of stamps corresponding to the stolen stamps.

INSISTS OLD GLORY IS GREEN, WHITE AND BLUE

BOSTON, Sept. 4.—A man who declared that the American flag was green, white and blue and insisted that Theodore Roosevelt was a selectman of the town of Dedham, failed to get his naturalization papers here today.

SCANDAL INVOLVES ROYAL FAMILY

Crown Prince and Princess of
Greece at Near Open
Rupture.

BERLIN, Sept. 3.—The estrangement between the Crown Prince and Crown Princess of Greece has reached the point of open rupture. It is now announced that a separation is imminent, despite the efforts which have been made for weeks to heal their differences.

The Princess has many of the masterful characteristics of her brother, Emperor William. She has insisted upon wearing her German distinctions openly in Greece and in forcing upon the court at Athens German ways and German ideas.

For a while she had her good-natured husband completely under her thumb, but lately he has been in open rebellion against her dictatorial whims; and it is stated on good authority, went so far as to slap her on the cheek for an insulting reference to Greece and the modern Greeks.

The unfortunate matrimonial squabble is a reverse for the advocates of love matches among royalty. The marriage of Sophia, Princess of Prussia, and the Duke of Sparta, on October 15, 1889, was as nearly as possible the culmination of a royal romance, aided, undoubtedly, by Queen Alexandra, then Princess of Wales, and by Emperor Frederick. The Prince was then just 21, and he was devoted to Princess Sophia.

MOTHER DROWNS WITH CHILDREN

Boy Makes Desperate Attempt
to Save Others, But Per-
ishes With Them.

LANSING, Iowa, Sept. 4.—Mrs. Frank Lankford and her three children were drowned yesterday when their boat was upset in a collision with a gasoline launch driven by a younger son, John, the eldest son, was the only member of the party able to swim. He made a valiant effort to save the lives of his mother and brother and sister, but drowned in the attempt.

He managed to keep the members of the party above water for nearly half an hour, but finally became exhausted from his struggles and sank, when his calls for help were unanswered. The son in the motor boat was too young to give assistance.

STATE CONVENTION TO BE RECONVENED

BALTIMORE, Md., Sept. 4.—Chairman Hanna of the Republican State committee has requested Henry M. McCullough, chairman of the Republican State convention, to reconvene the State convention in Baltimore September 11. The request is the outcome of the failure of three of the electors nominated at the State convention last May to reply to a letter asking whether they intended to support the candidacy of President Taft. The three men had favored Roosevelt. Three other electors, after receiving the letter of inquiry, tendered their resignations.
